Welcome to the San Ramon Valley Unified School District Board of Education meeting. Your interest in our schools is greatly appreciated.

**NOTICE is hereby given that the Meeting of the Board of Trustees of the San Ramon Valley Unified School District will be held on May 5, 2020, at 5:00PM closed session and 7:00PM open session. Pursuant to Executive Order of the Governor, and in order to adhere as closely as possible to the Order of the Health Officer of Contra Costa County, the Board meeting will not be open to personal attendance to the public. The meeting will be live-streamed at the following link:**

[https://www.srvusd.net/district/board\\_meetings](https://www.srvusd.net/district/board_meetings)

**Public comment on non-agenda items can be made electronically by email to [cfischer@srvusd.net](mailto:cfischer@srvusd.net) or by fax (925-838-3147) before 12:00PM on May 5, 2020. Please note in the title of the e-mail “public comment”. Public comment on action items, during the meeting, can be emailed to [cfischer@srvusd.net](mailto:cfischer@srvusd.net). All such comments that are within the District’s jurisdiction will be read aloud at the meeting up to a three minute limit per speaker. Any individuals with disabilities requesting reasonable accommodation or modification of the meeting procedure so as to be able to watch the live feed of the Board meeting may contact Cindy Fischer at [cfischer@srvusd.net](mailto:cfischer@srvusd.net).**

**Closed Session:** Closed session meetings are not open to the public. By law, matters dealing with students and district employees are reserved for closed session to provide confidentiality. Other closed session topics can include litigation, property negotiations, and collective bargaining issues with employee associations. Members of the public are given the opportunity to speak regarding closed session items prior to the closed session.

**Action items** are considered and voted on individually by the board. **Consent items** are considered routine in nature and are approved by combining them into a single vote. A member of the Board of Education or a member of the public may request that a consent item be removed from the consent agenda and voted on separately.

Copies of board agenda backup and other informational materials provided to members of the Board of Education are available for review in the Office of the Superintendent beginning at 4:00 PM on the last working day of the week preceding each meeting of the Board of Education. For disability related modification or accommodation, please contact the Office of the Superintendent at 552-2933 during business hours.

*In compliance with Brown Act regulations, this agenda was posted 72 hours before the noted meeting.

2:05pm

I hope you're doing well during this unprecedented time. I was told that I can forward you the board meeting proposals for next Tuesday the 14th. I would like these proposals to be discussed at the board meeting next Tuesday.

I hope that you're doing well during this unprecedented crisis. I am currently a senior in high school, and I have some major concerns regarding the COVID-19 pandemic.

The coronavirus pandemic has really been getting me on my nerves. I understand that things are constantly changing, thus I have new proposals about how school and senior events should resume. I was extremely shocked, upset, and irritated to hear that the contra costa county plans to close schools through the end of the school year, with school not resuming until next school year. I would highly appreciate it if this was reconsidered and that school would resume as soon as Monday, May 4, or before the end of May. Not returning to school for the rest of the school year is giving us a huge disservice and unreasonable.

The coronavirus pandemic has really been getting me on my nerves. I really hope that the coronavirus cases get fully contained as soon as possible throughout the whole U.S., hopefully by Easter and definitely before the end of April.

I was really worried after the governor recently said that some schools may not reopen until next school year. As a senior in high school, I am doing all I can to advocate for myself and my peers and to make sure that does not happen.

This has really been getting me on my nerves. Here are my proposals regarding school closures:

For the SRVUSD, I am requesting that all in-person classes resume by Monday, June 1, at the latest, or if not, sooner than that.

Every school day missed must be made up if classes are cancelled for more than 2 days.

Because my school district will be closed for over 2 months (where 1 week of Spring Break is included), I am requesting for all of those days to be made up. So instead of the last day of school being Friday, May 29, I am requesting that the last day of school be Friday, July 31 because of over 2 months of lost instructional time. This means that there will be almost no summer break for non-graduating students across K-12 schools. I believe that this is the best solution to this school closure problem and is the best for all of us.

Despite having online classes and getting work done through School Loop and Google Classroom, I still believe that teachers should spend some time reviewing the distance learning curriculum taught after the school closure. Thus, every school day missed must be made up.

I am also requesting that all school events after Spring Break, including Prom, the senior grad night disneyland trip, and the onsite graduation ceremony to all occur as planned and scheduled. These are

extremely essential gatherings and are the most important events in all of high school, especially the senior grad night disneyland trip and the onsite graduation ceremony.

My expectation and request is that all school events and senior events that were cancelled during the school closure period over the next several weeks must be rescheduled at a later date. To be clear, all events that were cancelled must be rescheduled and all gatherings must be rescheduled on-site and in-person. We have started a petition to make sure that all canceled senior events get rescheduled and postponed.

I believe that resuming school on Monday, June 1 and extending the school year by 2 months, is crucial because high school seniors need enough time in order to check-out of high school, graduate high school, and prepare for college.

I believe that it is absolutely necessary that no school district in California close for the remainder of the school year. That is absolutely crazy and shocking to me, and it is not realistic. I would like all school districts in California to resume in-person classes before the end of the school year, by early June at the latest.

I hope you have a great day and hope to hear from you soon.  
Stay safe, stay healthy, and keep being amazing board of education members for the SRVUSD!

Warmly, William Dong

Dear Trustees,

Because COVID-19 from Wuhan, China was a bio war in every way, we need to establish SOP for school year 2020-2021 reopen. For the sake of public health, we simply cannot be intimidated to do what is right despite outcry of racism or xenophobia, and I'm a yellow American saying this!!!

Please consider the following

1. Compulsory COVID test on all Wuhan asylum enrollments and inter district transfers! They must be negative and endorsement to enroll from an American physician by writing must be in their registration file!
2. All positives from our community that were notified of the district need to have negative certificates signed by an American physician.
3. Install bio waste bin: only deposit, no retrieval unless by key in every classroom!
4. Purchase American made PPE for our teachers and staff!
5. Authority to send home sick child by teacher note and testing of COVID should be done before returning.

Fines or tickets for students and citizens who discard bio waste on the ground or spit at school and in our cities comprised of the school district!

6. Pool water must be tested for PH level 3 times a day!

Locker rooms for PE need to be properly sanitized everyday and soap, tissue papers, and cleaning supplies must be well stocked throughout the day!

7. Refrain from talking during lunch. Socialize only outdoors after lunch and before bell rings for the next class!

8. minimize school visitors! Visitors must be sprayed fabric sanitizer(Clorox) and alcohol hand gel before entering school ground!

9. Give school no touch thermometers to admit students daily at the door! Anyone with temperature needs to go home....

We must be diligent for reopen if the next school year or we can be in trouble again by winter time!

Please consider a COVID reopen task committee to formulate SOP during bio emergency for our district before school reopens!

Thank you!

**3. Robert Endries**

**Received 4/14/20**

**1:57pm**

My name is Robert Endries, and I have two children attending district schools. I'd like to comment on two non-agenda items tonight.

**First, the search for a new superintendent.** While it is safe to seek a replacement from a district similar to ours -- affluent, large and high achieving -- I feel that is limiting and likely costly. We should expand the search scope, and give preference to someone from a smaller district within California, with a record of success and achievement. Where we would have to pay a significant premium to pry an experienced superintendent from a comfortable position at a prestigious school district, we can likely get someone whose star is still rising for significantly less in return for the chance to make a name on a big stage. If our superintendent is doing a great job and someone is looking to poach him or her from us, we can decide if we want to match that offer or wish the person luck and start a new search. We should consider promoting from within if we have qualified applicants. That person would bring the advantages of knowing the district and its culture, and the community it serves. The Board should be careful with salary demands. I believe we paid a premium for the previous superintendent's experience and "record of accomplishment"; the new superintendent should get a salary commensurate with his or her own record, and not just a knee jerk match of the previous office holder's salary.

**Second, the recent litigation settlement reported in the news.** I don't care to rehash the facts or the settlement. I want to know what the Board is doing to be sure that this kind of thing doesn't happen again. There is at least one other possible case that could have significant exposure for the district. This leads me to believe that our teachers and administrators need refresher courses in California disciplinary standards and rules. Does the Board have any plan to retrain teachers and administrators so that they can properly and appropriately discipline students and still be careful to protect their Constitutional rights? Each of us suffers when one person's Constitutional rights are trampled or ignored. If it hasn't already, I urge the Board to IMMEDIATELY schedule this kind of retraining for all teachers and *especially* the

I am 1<sup>st</sup> grade teacher at Neil Armstrong School. I would like to address the idea of “grading will continue unchanged” in a time when everything has changed. We do not have our students engaged in the same way for instruction, parents are working from home and unable to assist as partners in learning and the amount of screen time our youngest learners at attempting is not healthy or the best practice for teaching. Why is assessment remaining the same?

In many grade levels assessment is done 1:1 with a variety of hands on materials. This is daunting for teachers in a time of distance learning. A paper assessment can be “coached” by parents eager to assist students do their best. How is a P.E. teacher able to judge sportsmanship on line? This is not grading as usual.

I am respectfully asking that the Action item vote be postponed until a scheduled meeting between the State Board of Education and CTA has happened and recommendations have been released. Then a team of teachers meet with Ed Services to thoughtfully design a grading policy that reflects the changed learning environment facing our teachers and students. I happily volunteer for that team. I want the best for my students.

Thank-you for your time,

Elizabeth Howell

Thank you for listening to the concerns of our elementary grading with regard to remote learning. I have been teaching first grade in the district for 24 years. Moving to remote learning is a challenge and a huge learning experience for all of us. As we embark on phase 2, I wanted to share with you some experiences from phase 1. Knowing that this was optional (yet highly suggested), most of my first graders participated in some or all of the learning experiences I sent out. I reviewed the work as it came in (sometimes all day!), and responded to each and every lesson so my students would stay motivated. Depending on the student, some were helped tremendously by parents or family members. Students had perfect spelling, punctuation, and some assignments looked better than grade level. Where I would like to believe they did this independently, I know my students. I urge you to re-think the grading for elementary assessment reports for the end of May. This will NOT be a true reflection of student ability when you have students with excess support and others who have little to none. I am happy to help with what this may/may not look like if you need volunteers.

Thank you for your time.

Greetings,

My name is Gina Long and I teach Kindergarten at Green Valley.

Several times a year, we assess our Kinder kids one at a time on our own time. The one on one assessment takes about 40 minutes.

Several parts of the assessment are hands on skills. There is absolutely no way to do this assessment on-line. I am asking that the board keep this in mind as they probably have never given kindergarten assessment. I am certain that I would not be able to mark a report card even with a pass or not pass. We are a special group where grading papers is not an option.

**Received 4/13/20 2:25pm**

I am very concerned with how we elementary teachers are required to conduct report cards during this COVID-19 pandemic. If we are required to assess students with the standard report card, we will be assessing parent's abilities to help, which is not an accurate measure of student ability. I have several students in my class whose parents are not literate and or do not speak English. They can not help them with assignments or reading. Plus, we can not require students to complete the online activities. My students with parents who are able to help will be getting better graders compared to the students who have parents that are not able to help. Overall, it just becomes an equality issue, instead of a true representation of student's present levels.

**Received 4/13/20 2:36pm**

Hello, I am a first grade mild SDC teacher at Bella Vista. I'm very concerned about the proposal to continue the report card unchanged. Some of my students do not have parents or guardians who are able or willing to help them access remote learning during this time. I am therefore not able to accurately assess and record skills and abilities during this time. Any grades given during this time would only be a measure of a student's family's parental involvement with their child's education, family's literacy and educational level, and family's financial and socioeconomic status. Please take the time to consider a more equitable solution, given these unique times.

**6. Jordan Cummings**

**Received 4/13/20 2:49pm**

I would like to submit my public comment for action item 10.2 on the agenda for tomorrow's board meeting:

Hello, members of the Board. My name is Jordan Cummings and I teach 1st grade. As you know, these are unprecedented times and this new way of schooling is anything but ordinary. Teachers have been presented with the challenge of educating their students remotely and they are doing everything in their power to accomplish this. Despite the fact that every effort is being made to reach all of our students and continue to give them some semblance of education, we can't guarantee they are receiving it. There are so many circumstances that do not allow each student to access the curriculum the way they need to in order to learn remotely. If each and every student does not have the same access to education, how are we to assess them on that?? An amazing quote by Sim Kern says it best, "If teachers are assigning grades right now, what they are grading is PRIVILEGE. Without the equalizing force of the school building and its services, limited as they are, teachers are grading on access to technology, wifi, food, housing security, and ableism." We CANNOT continue to assess "unchanged" at the elementary level. As a first grade teacher, most of my assessments are 1-on-1. By attempting to do this online, I am not assessing their knowledge. I am assessing their parents' involvement and ability to help them log in. I am assessing whether they feel secure in their home and have the ability to focus on remote learning. I am assessing their ability to use technology effectively. I am assessing their privilege and not their knowledge. In this time of extreme change and uncertainty, we need to look at elementary grading just like we have at the secondary level. As a district, we need to make sure we understand that this is not "business as usual". These are the most unusual circumstances we've faced thus far and that should absolutely be reflected in how we approach elementary grading. Thank you.

The elementary report card for semester two should NOT remain unchanged.

One reason is that it is difficult to assess what work is authentic child's work and what has been done with assistance.

Another reason is that in many subject areas we assess students in a one-on-one setting. Reading is an area that this is done to assess reading level, fluency, phonics skills and comprehension.

Finally, not all students have access to devices despite the district's best efforts to get Chromebooks to all that needed them. Many students still share computers and do not have equitable access or screen time to have acquired the skills they should have learned this quarter.

Please wait on voting on this action item for guidance to come in from the state or consider a participated/did not participate grade for our final semester.

Thank you,

**8. Colette Blessum**

**Received 4/13/20 4:57pm**

Dear Board of Education,

In deciding how to proceed with grading for Elementary schools, please consider the following:

In some families, both parents are working remote during the day and are not able to help their children during their working hours. Children in grades TK - 2nd grades often need parents to help them when they are doing their school work. Also, many families who have more than one child in school are sharing a single device.

In addition, I have some students who live with mom some days and dad other days. This has caused a disconnect in workflow. Some assignments are started and not completed. Remote learning is very inequitable for children in grades TK - 2nd grade, since the parents play a big part in their child's success. Not only do I not know what is going on in the home during the day, I can't change it if it is not a good learning environment.

Due to the drastic changes the elementary students are experiencing this semester, I hope you will consider modifying the elementary report card. I hope you will give them the same type of grading system as middle and high school students. Since they are unable to take sole responsibility for their learning, it seems unfair to use our usual, stringent grading system.

Thank you for your consideration.

**Received 4/13/20 6:36pm**

I am deeply concerned about the possibility of continuing with our report card as we have in the past . I teach first grade and most of our reading assessments are done one on one to determine reading levels, comprehension, and decoding ability.

We do not have the materials available to us to do this from home in a live chat with a student. First graders would need home support to do any type of on line assessment mostly because they do not have the reading proficiency to read the and understand the directions.

Math assessments for fluency and problem solving skills cannot be assessed in an on line format.

Many students require accommodations for all of these types of assessments.

English learners must have directions read to them.

In addition, many students grow socially and emotionally during the final months of school. I am not with them to assess their growth in these areas which are called college and career readiness on the report card.

It would be a mistake to try to have report cards as normal during this very unusual and difficult time.

Best Regards,

Catherine Rubin

I teach 4th grade at Coyote Creek School. It is simply not possible to continue grading semester two in an "unchanged" manner. This fact has already been acknowledged by the move to Pass/Fail grading in middle and high school. Why would elementary school be different?

I've received emails from parents who are concerned that their children are not able to produce quality work independently, without the level of support that they would receive in the classroom. Parents are worried that their child's grades will suffer as a result. Parents are already anxious that their children are going to fall behind and suffer next year because of a lack of preparation for the next grade level.

In the past two weeks of remote learning, I've noticed that it is difficult to have the same level of accountability for my students in keeping focus, getting practice, and completing assignments, as I would have in the classroom. It's also very difficult to give the students adequate support for their learning. My class this year has many students below grade level, and they are not well served when they have to learn independently most of the time. I am spending more hours than usual on my work as a teacher, including during my vacation, but the learning curve for me is very steep in adjusting to remote learning. I am spending more than the required time on Google Meets and office hours face to face with my kids, but the situation is still challenging for the children's learning and for the teacher's ability to raise up her students.

Now, when I give grades to student work in this context, should I give a low grade for poor work, even if I know that part of the reason why it's poor is a lack of needed support and guidance? Should I give a high grade for good work, even when it's clear to me (based on knowledge of my students) that a parent has basically done the work for their child? How shall I give a grade to work completed on Zearn, Newsela, IXL....amount of time spent? Number of lessons completed? Number of correct answers the first time? How shall I conduct 1:1 reading assessments to determine reading level and thereby the reading grade? How is it that young children are expected to cope successfully with the sudden transition to remote learning and be held accountable for the quality of their work, while older students move to pass/fail? Who is being graded here, child or parent?

In this unique COVID19 context, it is punitive to continue to insist on "unchanged grading" for elementary students. Please reconsider this misguided policy. Elementary students and teachers would be better served by the same "pass/fail" policy as the upper grades.

On a separate note, Many thanks to the Board of Education for your lovely video that came out during Spring Break. It was very encouraging and sweet of you. I know that the members of the Board give tirelessly of your own time in service to the community, never more so than during this challenging school year! I appreciate all your kindness and I also thank you for your dedication.

Thanks,

Julie Wolters

Hello Board Members. As always, I will be watching the live stream of BOE meeting. I am both a parent of high schoolers and an elementary teacher in SRVUSD. The world is crazy right now. I want to take this opportunity to thank you for all the hard work and tough decisions you've been making these last few weeks. I realize that neither you nor I are saving lives on the front line right now, but we are impacting students and parents with each choice that we make. While uncertainty is difficult to live with, making abrupt choices can also have negative and longterm impacts.

Please consider postponing this evening's vote on grading and report cards. We simply cannot do grading the way we traditionally do it. We have no clear plan or even loose guidelines for doing assessments in

any area. I don't even know how I would reliably assess students. I already have students telling me how "mom wrote that part" or "my older brother did that problem" and they are learning from that help so I don't want to discourage it. I have many half done projects and essays from the beginning of semester 2. How can my students complete them when their work is locked in our classroom? Should I make them start over? Should I grade them based on what they finished when we were ordered to shelter in place and not give them a chance to complete things to the best of their ability? I typically assess student reading levels one-on-one. Should I be doing that over a Google Meet instead of connecting with all my students and providing them with the social outlet they need for their emotional well being? When students are struggling and frustrated on an assessment, I am normally at their side coaching them on what they know and giving them the nudge to keep trying. How can I do that now? What about students struggling with technology that could have blazed through an assessment in the classroom. How can I give my students as many opportunities and modalities to demonstrate their learning? (I know there are tech options for LOTS of cool stuff, but how many new platforms and apps should my students-or their parents-have to learn?) It is unfair to students to represent their learning with the same report card scores we traditionally use. It further penalizes their already broken hearts.

There is a meeting happening with the State Board of Ed & CTA soon. I urge the BOE to postpone the vote on 10.2 until after that meeting. Teachers can volunteer to meet and help draft an equitable plan that prioritizes students' emotional well-being and considers the difficulty of these unprecedented time.

Thank you for your time and consideration.

Sincerely,  
Jennifer Wong

I am a 2nd Grade teacher and I am writing to ask that The Board of Education please reconsider their statement:

***"Elementary (Grades TK-5) Grading for the semester two report card will continue unchanged. Teachers will proceed with regular grading through Phase Two of the Remote Learning Continuity Plan."***

Teachers are not teaching in the same conditions that we taught in the first semester, and children are not learning in the same environment as they did in the first semester. How can it be fair to students that grading 'will continue unchanged?'

I understand there is no precedent for this current situation, but I would like to put forth the following questions to The Board of Education before a vote is held to continue with 'regular grading' for elementary students:

1) If grading continues unchanged, teachers are being asked to grade privilege. Privilege for those students who have access to technology throughout the day, whose parents can help them access the lessons and read directions to them. Privilege for those students who do not have to take care of siblings while parents go to work or work from home for 8 hours a day.

**Please** consider the students who may not always be able to access the online lessons, students who may not be able to complete assignments because of home situations, students who may be taking care of siblings or may be unwell themselves? Are these students to be given a lower grade because of their home situation? Our students' lives have changed and our expectations of them must change too. If we 'proceed with regular grading' many students WILL receive lower grades based on their online performance. This is inequitable for students.

2) How can teachers effectively perform assessments that are usually given 1:1 in the classroom? Many primary assessments are given 1:1. Even when attempting a 1:1 assessment using face-to-face platforms such as Google Meet or Zoom, the internet is not always reliable, and students are not always comfortable in front of a camera. There may be distractions in their home while the assessment is given causing the child to be distracted. If teachers are to use that assessment as their report card grade, is that a true reflection of their knowledge?

3) How can teachers be certain WHO completed online assessments? How would teachers ever know if parents or older siblings completed the assessment to be used for the report card?

To provide equity for ALL elementary students, please consider another option for elementary grading on the report card. The District's email to parents stated that ALL students will be moving onto the next grade level, so it seems logical that a generic and equitable grade should be given to ALL students. Middle and High School grading has changed to reflect the current situation of remote learning, and it is my hope that elementary grading will change too.

As a longtime educator in this district, I have grave concerns for the plan to continue semester two report cards as is for our elementary students. Given our current situation, I feel it is unfair, inequitable, and frankly a waste of time.

Over the course of the previous two weeks, I have had many one on one counseling sessions trying to calm distraught parents who are struggling. Many of them are reporting to me that it's difficult to get their child to sit down and do the work. Or their child must do the work independently because the parents are trying to get their own work done. This does not lend itself well to continuing with traditional grading. Even the high schools are going with a different pass/no pass system, so why are we holding our youngest, and least independent students to a higher standard of grading as usual? I am concerned. Not only will this semester's grades not be a true reflection of many students progress toward standards, but it will also add a layer of stress to our already struggling families. Please take a moment to reconsider keeping the report card scoring as is.

Sincerely,

I am emailing regarding the elementary report cards being unchanged during this pandemic.

If it is important enough to change the middle school and high school report cards, it should be important enough to change the elementary school report cards.

Elementary teachers go through hours of 1:1 assessments to get the information needed to accurately assess our students. We cannot implement reading assessments at this time. We cannot do math assessments at this time. We absolutely cannot without a doubt in mind fill out the report cards, as is, with still having integrity to the report card system.

During this time, parents, students, and teachers are going through a great deal of anxiety of the unknown. To cause more anxiety on parents, students and teachers for something that does not need to be a problem, is completely unacceptable. NOBODY should be worrying about a "1, 2, 3" report card grade at an elementary school level during this time.

Lastly, we cannot be sure how much work that elementary aged students are doing on their own, or with further parental guidance. The level of guidance will be different for every child and we as teachers cannot manage this. Therefore, we cannot say how authentic the coursework being turned in is. Are we really going to be grading students based on their work? Or in some cases, are we going to be grading them based on their parents work?

Thank you for your time.

I'm concerned about the equity of doing Elementary Report Cards under current online learning. I feel it would be unfair to students who may not have a lot of parent support at home. Many of our parents are working full time on top of supporting their students learning. A pass or no mark like the middle and high schools are doing seems more fair to students and parents.

Dear School Board Members,

As a 2nd grade teacher in the district, I am asking that you revisit the idea that "TK-5 grading for the semester two report card will continue unchanged." Everything in life has changed and grading is no exception.

My teaching has changed from actively engaging with my students on a daily basis to assigning work to be completed on a device with or without assistance. In all honesty, I have no idea who is sitting behind that computer completing the work. At this point in time, you are asking me to give a child a grade without knowing who is really doing the work.

For example: Student A has struggled with writing all year and has a difficult time putting together a paragraph with 5 sentences, proper capitalization, punctuation, spelling and rarely adds details. Student A received a "2" in the area of writing for first semester and an "N" in the area for proper conventions. During Week 2 of remote learning, Student A submitted a 3 paragraph essay (5-7 sentences in each paragraph) using proper capitalization, spelling, punctuation and added tons of details. Based on Student A's Remote Learning assignment I would be giving a grade of "3" in writing. Do I believe Student A wrote this piece? No. Student A was not completing work of this caliber on March 13, 2020, our last day of formal instruction.

Please reconsider voting on this action item until you have had the opportunity to meet with a team of teachers to hear our concerns about what is taking place behind closed doors. Our students cannot be graded fairly in these changing times.

Thank you for your time.

Dear School Board Members,

I am writing in regards to Board Agenda item 10.2. This addresses the section of elementary grading with the thought that "grading will continue unchanged" in a time when everything has changed.

Our grading is done by a combination of formative and objective assessments. It is often done 1:1 with a variety of materials. This is daunting for teachers in a time of distance learning. It will be difficult to assess our youngest via remote video conferencing. A paper assessment could be "coached" by parents eager to assist students do their best. This is not grading as usual.

We do not have our students engaged in the same way for instruction, parents are working from home and unable to assist as partners in learning and the amount of screen time our youngest learners at attempting is not healthy or the best practice for teaching. Why is assessment remaining the same?

I am respectfully asking that the Action item vote be postponed until a scheduled meeting between the State Board of Education and CTA has happened and recommendations have been released. Then a team of teachers meet with Ed Services to thoughtfully design a grading policy that reflects the changed learning environment facing our teachers and students.

Thoughtfully,

Paula Tye

Dear School Board Members,

I am a 2nd grade teacher at Neil Armstrong School. I would like to address the idea of "grading will continue unchanged" in a time when everything has changed. We do not have our students engaged in the same way for instruction. Students are accessing several online platforms for their learning, often sharing their device with parents and siblings. How do we really know who is doing the work at home? We are asked to give feedback but not grade our assignments. How can report cards remain unchanged? I am uncomfortable with this.

I am requesting that Action 10-2 be postponed until the State Board of Education and CTA meet and recommendations for grading have been given. Hopefully teachers can then meet with Ed Services to design a grading policy that reflects the changed learning environment facing our teachers and students.

Sincerely,  
Marsha Gaddis

I would like to address the status of elementary grading. I want to start by acknowledging our mission statement. "With an ongoing tradition of educational excellence and intensive community involvement, we serve all our students and prepare them to flourish as responsible, ethical and productive citizens by providing a continuously improving educational program which encourages all our students to discover the joy of learning and to realize their full potential in an ever-changing world." Right now in our current situation, I don't think grading will allow them to flourish. I think we have to be mindful of what might be happening in individual homes. Families could be dealing with sickness, job losses, internet issues, etc. I don't think that we should be adding to the stress of families. I think we should continue to give feedback to allow our students to grow. Our world is ever-changing and was flipped completely in a weekend. Their potential is not determined by a grade in elementary.

Please postpone the vote on Elementary Grading for the Remainder of 2020.

The idea of having to give assessments to my 4th grade students right now is incomprehensible. No assessment that I give right now will be valid. I will not know if a parent is helping the child or if the child is referring to notes or other materials that they should not be. I cannot give a reading inventory over Google Meet. Not only will these assessments not be valid, there are so many other circumstances that could affect a child at home, especially under these difficult times.

Right now, there are students whose safe place was school, who might be struggling with their mental health right now. There are students whose parents are fighting COVID-19 on the front lines who cannot get the support they might need to learn the material. Even students that are on track academically may be struggling with the lack of social interaction or a lack of parent guidance at the moment to perform on an assessment.

Soon, the State Board of Education and the California Teacher's Association will be meeting to discuss Elementary Grading. Please wait until this meeting occurs and you ask for our input to make a decision on Elementary grading. This is a decision we need to make together!

Thank you,

Valerie Yim

**DATE:** May 5, 2020

**TOPIC:** **CONSIDERATION OF APPROVAL OF RESOLUTION NO. 77/19-20 TO DESIGNATE SPECIFIED POSITIONS AS SENIOR MANAGEMENT OF THE CLASSIFIED SERVICE**

---

**DISCUSSION:**

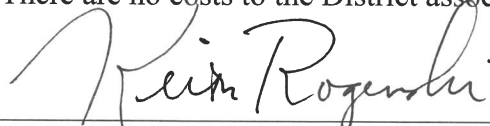

California Education Code sections 45100.5 and 45108.5 permit a Governing Board of a school district to designate classified positions in the District as senior management. Employees whose positions are designated as senior management of the classified service must serve in the highest position in a principal District program area or act as a fiscal advisor to the District superintendent. Senior management employees are part of the District's classified service and are afforded all rights, benefits, and burdens of other classified employees, except that they are exempt from provisions relating to obtaining permanent status in a senior management position. Moreover, any notice of reassignment or dismissal from a position as a senior manager in the classified service must be as provided under Education Code section 35031. With the Board's approval of a newly-created Assistant Superintendent, Business Operations and Facilities position, staff requests that the Board approve the attached resolution to designate it along with the positions of Chief Business Officer and Assistant Superintendent, Human Resources as the District's senior management positions in the classified service.

**RECOMMENDATION:**

Approve Resolution No. 77/19-20 as presented.

**BUDGET IMPLICATIONS:**

There are no costs to the District associated with the Board's approval of this Resolution.

**Cal OES Form 130 Instructions**

**A Designation of Applicant's Agent Resolution for Non-State Agencies is required of all Applicants to be eligible to receive funding. A new resolution must be submitted if a previously submitted Resolution is older than three (3) years from the last date of approval, is invalid or has not been submitted.**

When completing the Cal OES Form 130, Applicants should fill in the blanks on page 1. The blanks are to be filled in as follows:

**Resolution Section:**

**Governing Body:** This is the group responsible for appointing and approving the Authorized Agents.  
Examples include: Board of Directors, City Council, Board of Supervisors, Board of Education, etc.

**Name of Applicant:** The public entity established under the laws of the State of California. Examples include: School District, Office of Education, City, County or Non-profit agency that has applied for the grant, such as: City of San Diego, Sacramento County, Burbank Unified School District, Napa County Office of Education, University Southern California.

**Authorized Agent:** These are the individuals that are authorized by the Governing Body to engage with the Federal Emergency Management Agency and the Governor's Office of Emergency Services regarding grants applied for by the Applicant. There are two ways of completing this section:

1. **Titles Only:** If the Governing Body so chooses, the titles of the Authorized Agents would be entered here, not their names. This allows the document to remain valid (for 3 years) if an Authorized Agent leaves the position and is replaced by another individual in the same title. If "Titles Only" is the chosen method, this document must be accompanied by a cover letter naming the Authorized Agents by name and title. This cover letter can be completed by any authorized person within the agency and does not require the Governing Body's signature.
2. **Names and Titles:** If the Governing Body so chooses, the names **and** titles of the Authorized Agents would be listed. A new Cal OES Form 130 will be required if any of the Authorized Agents are replaced, leave the position listed on the document or their title changes.

**Governing Body Representative:** These are the names and titles of the approving Board Members.  
Examples include: Chairman of the Board, Director, Superintendent, etc. The names and titles **cannot** be one of the designated Authorized Agents, and a minimum of two or more approving board members need to be listed.

**Certification Section:**

**Name and Title:** This is the individual that was in attendance and recorded the Resolution creation and approval.  
Examples include: City Clerk, Secretary to the Board of Directors, County Clerk, etc. This person **cannot** be one of the designated Authorized Agents or Approving Board Member (if a person holds two positions such as City Manager and Secretary to the Board and the City Manager is to be listed as an Authorized Agent, then the same person holding the Secretary position would sign the document as Secretary to the Board (not City Manager) to eliminate "Self Certification."

**DATE:** May 5, 2020

**TOPIC:** FIRST READING OF REVISION TO BOARD BYLAW 9920, GOVERNING BOARD ELECTION

---

**DISCUSSION:** In early 2019, the Board of Education of San Ramon Valley Unified School District transitioned from an “at-large” board to “trustee-area” elections. Now each trustee must reside within the designated trustee-area boundary and is elected only by the voters within that trustee area.

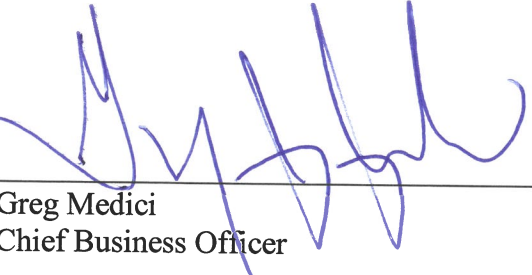

As such, Board Bylaw 9920, Governing Board Election, has been revised to reflect the current board election practice.

---

**RECOMMENDATION:** This bylaw being brought forth tonight for discussion only. A final version will be brought to the Board for approval at the next regular meeting.

---

**BUDGET IMPLICATIONS:** There are no budget implications anticipated due to these revisions.

Item 11.1

## Board Member Qualifications:

Any person is eligible to be a member of the Governing Board, without further qualifications, if he/she is 18 years of age or older, a citizen of California, a resident of the school district, a registered voter, and not legally disqualified from holding civil office. Any person who has been convicted of a felony involving the giving, accepting, or offering of a bribe, embezzlement or theft of public funds, extortion, perjury, or conspiracy to commit any such crime, under California law or the law of another state, the United States of America, or another country, is not eligible to be a candidate for office or *elected as* a Board member except when he/she has been granted a pardon in accordance with law. (Education Code 35107; Elections Code 20)

A district employee elected to the Board shall resign his/her employment before being sworn in or shall have his/her employment automatically terminated upon being sworn into office. (Education Code 35107)

(cf. 9224 - Oath of Affirmation)

(cf. 9270 - Conflict of Interest)

*The Board encourages all candidates to become knowledgeable about the role of board members. The Superintendent or designee shall provide all candidates with information that will enable them to understand the responsibilities and expectations of being a Board member, including information regarding available workshops, seminars, and/or training. The Superintendent or designee shall provide all candidates with the county election official's contact information and general information about school programs, district operations, and Board responsibilities.*

(cf. 9230 - Orientation)

(cf. 9240 - Board Training)

## Consolidation of Elections

To reduce costs associated with conducting elections, the Board may consolidate Board elections with the local municipal or statewide primary or general election *in accordance with Elections Code 1302*. ~~Board election procedures shall be conducted in accordance with state and federal law.~~

*In addition, if a regularly scheduled Board election held other than on a statewide election date results in a decrease in local voter turnout of 25 percent or more compared to the average local turnout for the previous four statewide general elections, the Board shall take action to consolidate Board elections with statewide elections. The district shall move its election to the next state statewide election date, unless the Board has adopted a plan by January 1, 2018 to consolidate Board elections not later than the November 8, 2022 statewide general election. (Elections Code 14051, 14052)*

*In order to consolidate elections based on either circumstance described above, the Board shall adopt a resolution and submit it to the County Board of Supervisors for approval not later than 240 days prior to the date of the currently scheduled district election. (Elections Code 10404.5)*

*Whenever a regularly scheduled Board election is changed due to consolidation of elections, the terms of office of incumbent Board members shall be extended to align with the next applicable election. (Elections Code 10404.5)*

(cf. 9110 - Terms of Office)

## Electing Board Members

~~Board members may reside anywhere within the district's boundaries and shall be elected by all voters in the district.~~

*The district is divided into trustee areas and each trustee area shall be represented by a Board member who resides in and is elected by voters residing within that trustee area. Trustee areas shall be balanced by population as required by state and federal law.*

*Prior to March 1 following the year in which the results of each decennial federal census are released, the Board shall adjust the boundaries of the district's trustee areas based on population figures as validated by the Population Research Unit of the Department of Finance. (Education Code 5019.5)*

#### *Campaign Conduct*

*All candidates, including current Board members running as incumbents, shall abide by local, county, state, and federal requirements regarding campaign donations, funding, and expenditures.*

*A Board member shall not expend, and a candidate shall not accept, any public money for the purpose of seeking elective office. However, the district may establish a dedicated fund for those seeking election to the Board, provided that the funds are available to all candidates who are qualified pursuant to Education Code 35107 without regard to incumbency or political preference. (Government Code 85300)*

In order to help protect the public's trust in the electoral process as well as the public's confidence in the Board and district, the Board encourages all candidates to sign and adhere to the principles in the Code of Fair Campaign Practices pursuant to Elections Code 20440.

(cf. 0410 - Nondiscrimination in District Programs and Activities)  
(cf. 9005 - Governance Standards)

#### Statement of Qualifications

The district shall assume no part of the cost of printing, handling, translating, or mailing of candidate statements filed pursuant to Elections Code 13307. As a condition of having candidate statements included in the voter's pamphlet, the district may require candidates to pay their estimated pro rata share of these costs to the district in advance pursuant to Elections Code 13307.

On the 125th day prior to the day fixed for the general district election, the Board secretary or his/her designee shall deliver a notice, bearing the secretary's signature and district seal, to the county elections official describing both of the following: (Elections Code 10509)

1. The elective offices of the district to be filled at the general election and which offices, if any, are for the balance of an unexpired term
2. Whether the district or the candidate is to pay for the publication of a statement of qualifications pursuant to Elections Code 13307

(cf. 9223 - Filling Vacancies)

**\*\*\*Note: Pursuant to Elections Code 13307, the candidate statement is limited to 200 words (Option 1 below), unless the Board has authorized an increase to a 400-word maximum (Option 2 below).\*\*\***

**OPTION 1:** *Candidates for the Board may submit a candidate statement to the elections official for inclusion in the voter's pamphlet. Candidate statements shall be limited to no more than 200 words. (Elections Code 13307)*

**OPTION 2:** *Candidates for the Board may submit a candidate statement to the elections official for inclusion in the voter's pamphlet. Candidate statements shall be limited to no more than 400 words. (Elections Code 13307)*

**\*\*\*Note: The following optional paragraph is for use by any district that authorizes electronic distribution of candidate statements in addition to or instead of the mailed voter's pamphlet. Pursuant to Elections Code 13307, a voter may receive by mail a voter's pamphlet that contains candidate statements or, when authorized by the elections official, may opt to obtain the voter's pamphlet and related materials electronically (i.e., from the elections official's web site or via email). If a candidate chooses to submit a statement for electronic distribution only, it will not appear in the mailed voter's pamphlet.\*\*\***

**\*\*\*Note: When electronic distribution is authorized by the elections official, districts may choose, pursuant to Elections Code 13307, as amended by AB 2010 (Ch. 128, Statutes of 2016), whether or not to permit Board candidates to prepare a statement for electronic distribution. The following paragraph may be revised to reflect district practice.\*\*\***

*When the elections official allows for the electronic distribution of candidate statements, a candidate for the Board may, in addition to or instead of submitting a candidate statement for inclusion in the mailed voter's pamphlet, prepare and submit a candidate statement for electronic distribution.*

#### Tie Votes in Board Member Elections

Whenever a tie makes it impossible to determine which of two or more candidates has been elected to the Board, the Board shall schedule a runoff election in accordance with law. (Education Code 5016)

**DATE: MAY 5, 2020**

**TOPIC: CONSIDERATION OF APPROVAL OF 2020-21 DESIGNATION OF  
CALIFORNIA INTERSCHOLASTIC FEDERATION (CIF)  
REPRESENTATIVES TO LEAGUE**

---

**DISCUSSION:** California Education Code gives the authority for high school athletics to governing boards of education. The code requires that the boards designate their representatives to California Interscholastic Federation (CIF) leagues. Athletic leagues meet throughout the year, primarily on a monthly basis and the governance of the leagues is made up of the member school principals. California, Dougherty Valley, Monte Vista and San Ramon Valley are members of the East Bay Athletic League. The principals or their designee attend league meetings representing their school and voting on pertinent matters including eligibility, athletic scheduling, post-season competition and organization of the league.

The representatives are:

Principal, Assistant Principal, or Athletic Director of California High School  
Principal, Assistant Principal, or Athletic Director of Dougherty Valley High School  
Principal, Assistant Principal, or Athletic Director of Monte Vista High School  
Principal, Assistant Principal, or Athletic Director of San Ramon Valley High School

---

**RECOMMENDATION:** The Administration recommends ratification of the appointment of the representatives.

**BUDGET IMPLICATIONS:** None

**RE: FORM TO RECORD DISTRICT AND/OR SCHOOL REPRESENTATIVES TO LEAGUES**

**DATE: APRIL 15, 2020**

Enclosed is a form upon which to record your district and/or school representatives to leagues for next year, 2020-2021. It is a form sent every year to you in order to obtain the names of league representatives to every league in the state and to make sure that the league representatives are designated by school district or school governing boards. It is a legal requirement that league representatives be so designated.

The education code gives the authority for high school athletics to high school governing boards. The code also requires that the boards, after joining CIF, designate their representatives to CIF leagues. This is a necessity! (Ed. Code 33353 (a) (1))

We are asking that, after action by the governing board, you send the names of league representatives to your CIF Section office. Obviously, the presumption behind this code section is that the representatives of boards are the only people who will be voting on issues, at the league and section level, that impact athletics.

If a governing board does not take appropriate action to designate representatives or this information is not given to Section offices within the required time frame, CIF is required to suspend voting privileges (CIF Constitution, Article 2, Section 25, p. 18) for the affected schools.

At the State Federated Council level, we will be asking that Sections verify that their representatives are designated in compliance with this Ed. Code section.

I hope this gives you a bit of background. Thank you for all you do to help support high school athletics. It is a valuable program in all high schools, and we appreciate the support you give to the program and to CIF.

**Please return the enclosed form no later than June 28, 2020 directly to your CIF Section Office. Addresses of each section are listed on the back of the form. Please contact us if we can give you further information.**

**SAN RAMON VALLEY UNIFIED SCHOOL  
DISTRICT  
699 Old Orchard Drive, Danville, California 94526**

**DATE: MAY 5, 2020**

**TOPIC: CONSIDERATION OF APPROVAL OF THE CALIFORNIA  
INTERSCHOLASTIC FEDERATION (CIF) APPLICATIONS FOR NEW  
MULTI-SCHOOL MEMBERSHIP (CIF FORM 303 NEW)**

---

**DISCUSSION:** The CIF bylaws allows students attending a school that does not offer interscholastic athletics to participate with a school that does provide interscholastic athletics as long as the two schools have submitted a Multi-School Agreement and it has been approved by the CIF. Each of our (4) comprehensive high schools are applying for a multi-school agreement with Venture School. After the Multi-School Agreements are approved, students will be allowed to participate with their resident school, if they are enrolled in the Independent Study program at Venture and meet all eligibility criteria established in SRVUSD Board Policy, East Bay Athletic League, and the North Coast Section of CIF. Students enrolled in the Continuation program at Venture School will not be eligible to participate in interscholastic athletics.

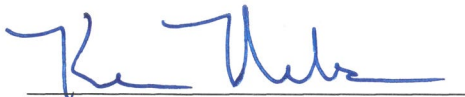

The Multi-School Agreements are:

- California High School (CIF member) and Venture School (non-CIF member)
- Dougherty Valley High School (CIF member) and Venture School (non-CIF member)
- Monte Vista High School (CIF member) and Venture School (non-CIF member)
- San Ramon Valley High School (CIF member) and Venture School (non-CIF member)

---

**RECOMMENDATION:** The Administration recommends SRVUSD School Board approval of the Multi-School Agreements (requiring signature of Board)

**BUDGET IMPLICATIONS:** None

**DATE:** May 5, 2020

**TOPIC: CONSIDERATION OF APPROVAL OF REVISIONS TO THE POSITION DESCRIPTION FOR ASSISTANT SUPERINTENDENT, FACILITIES AND OPERATIONS AND CREATION OF A NEW POSITION FOR ASSISTANT SUPERINTENDENT, BUSINESS OPERATIONS AND FACILITIES**

---

**DISCUSSION:**

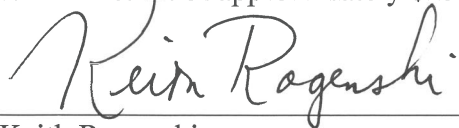

As part of the District's continued restructuring of its management team for improving economic and operational efficiency, capacity building, recruiting and retaining top-quality personnel, and improving support for and service to our school sites and community, the District is modifying the positions of Chief Business Officer and Assistant Superintendent, Facilities and Operations. These modifications, which will include changing the title of the Assistant Superintendent, Facilities and Operations to Assistant Superintendent, Business Operations and Facilities, will redistribute and expand the essential duties and areas of responsibility for both positions and phase out the position of Executive Director, Business Services at the end of the 2019-2020 school year. These modifications, upon Board approval, will become effective July 1, 2020.

**RECOMMENDATION:**

Approve the revised position description for Assistant Superintendent, Facilities and Operations and the creation of the new position of Assistant Superintendent, Business Operations and Facilities as presented.

**BUDGET IMPLICATIONS:**

Although the Board's revision of the position description and creation of a new position will itself have no financial impact, the corresponding elimination of the Executive Director, Business Services position made possible by this action will generate savings in managerial costs to the District of approximately \$250,000 per year.

**TOPIC: CONSIDERATION OF APPROVAL OF REVISIONS TO THE POSITION DESCRIPTION FOR CHIEF BUSINESS OFFICER**

---

**DISCUSSION:**

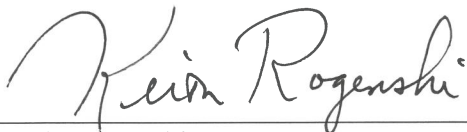

As part of the District's continued restructuring of its management team for improving economic and operational efficiency, capacity building, recruiting and retaining top-quality personnel, and improving support for and service to our school sites and community, the District is modifying the positions of Chief Business Officer and Assistant Superintendent, Facilities and Operations. These modifications, which will include retitling of the latter position, will redistribute and expand the essential duties and areas of responsibility for the incumbents occupying the positions and phase out the position of Executive Director, Business Services at the end of the 2019-2020 school year. The recommended modifications, upon Board approval, will become effective July 1, 2020.

**RECOMMENDATION:**

Approve the revised position description for Chief Business Officer as presented.

**BUDGET IMPLICATIONS:**

Although the revision of the position description itself has no financial impact, the corresponding elimination of the Executive Director, Business Services position made possible by these modifications will generate savings in managerial costs to the District of approximately \$250,000 per year.
