Shelley Clark, Member
Susanna Ordway, Member
Anya Ayyappan, Student Board Member

Welcome to the San Ramon Valley Unified School District Board of Education meeting. Your interest in our schools is greatly appreciated.

The Board Members value input from the community. Members of the public can address the Board at meetings regarding items that are not on the agenda during the agenda item *Public Comment for Non-Agendized Items*. Items that are on the agenda can be addressed when that item is introduced by the Board President.

In order to ensure that the Board has adequate time to hear from the public while balancing the need to conduct its agendized work, public comment will be handled in the following way:

- A time limit of three (3) minutes per speaker has been established and will be enforced. The Board reserves the right to decrease the amount of time allotted per speaker. All speakers will be allotted an equal amount of time.
- Comments for special meetings and workshops will be limited to the agenda item only.

Public Comment for both Agendized and Non-Agendized Items:

- Anyone who wishes to address the board must submit a Speaker Card to Cindy Fischer
- The Board President will call each speaker to the podium during the appropriate agenda item.
- Please note that, by law, the Board cannot take action or engage in dialogue on items not on the agenda.

For Items Not on the Agenda:

- A maximum of thirty minutes will be allotted for the agenda item: *Public Comment for Non-Agendized Items*.
- If the amount of time needed for all speakers to be heard exceeds the thirty minutes allotted, then *Public Comment for Non-Agendized Items* will be paused at the thirty minute mark and will be continued prior to agenda items: *Administrative Matters* until all remaining speakers whose cards were submitted before the pause have had an opportunity to be heard.
- When there is a topic that only one speaker wishes to address, that speaker will be prioritized.
- We strongly encourage speakers who wish to speak about the same topic to designate one or two individuals to speak on behalf of the entire group.
- If there are any people who share a unified view of a topic, they may raise their hand or stand while the designated speakers are addressing the Board so that the Board Members are aware of the level of support.

By law, board members can only discuss items that appear on the agenda. For this reason, board members do not engage in dialogue with individuals speaking during the non-agenda public comment section of the meeting. For individuals who wish to speak with board members in-depth about an issue, contacting board members on an individual basis is recommended, although individual board members have no legal authority to make decisions without consideration by the whole board.

Electronic Submission of Public Comment:

1. Email your comments to publiccomments@srvusd.net. Emails will be automatically forwarded to each Board Member and will be entered into the official minutes.
 - a. Public comments received from the time the agenda is posted through the end of the open session portion of the meeting, will be included in the minutes.
 - b. Public comments received 4 hours or less prior to the start of open session will be included in the minutes, but may not be read by all Board Members prior to the meeting.
 - c. No email attachments will be accepted with electronically submitted public comments.
 - d. Email addresses will not be included in the public record in order to protect the privacy of commenters.

Closed Session: Closed session meetings are not open to the public. By law, matters dealing with students and district employees are reserved for closed session to provide confidentiality. Other closed session topics can include litigation, property negotiations, and collective bargaining issues with employee associations. Members of the public are given the opportunity to speak regarding closed session items prior to the closed session.

Action items are considered and voted on individually by the board. **Consent items** are considered routine in nature and are approved by combining them into a single vote. A member of the Board of Education or a member of the public may request that a consent item be removed from the consent agenda and voted on separately.

Copies of board agenda backup and other informational materials provided to members of the Board of Education are available for review in the Office of the Superintendent beginning at 4:00 PM on the last working day of the week preceding each meeting of the Board of Education. For disability-related modification or accommodation, please contact the Office of the Superintendent at 552-5500 during business hours.

The meeting will be live-streamed at the following link:

https://www.srvusd.net/district/board_meetings and on our YouTube channel at SRVUSD Board.

*In compliance with Brown Act regulations, this agenda was posted 72 hours before the noted meeting.

DATE: October 18, 2022

TOPIC: STAFF PRESENTATION ON THE NALOXONE PROGRAM

DISCUSSION: This report to the Board is intended to provide an overview of the Naloxone Proposal

What: SRVUSD plans to enroll in the Naloxone Distribution Project (NDP) sponsored by the California Department of Health Services. Through this program, each school site will receive two - four doses of the opioid overdose rescue medication, Naloxone (Narcan®).

Why: The United States continues to battle the opioid epidemic and overdose deaths. In 2020, the age-adjusted rate of drug overdose deaths increased 31% compared to 2019 data. The California Department of Public Health released an advisory notice on September 21, 2022, warning schools about a concerning trend of brightly-colored fentanyl, coined rainbow fentanyl. Rainbow fentanyl comes in many forms, including pills, powder, and blocks that look like sidewalk chalk or sweetheart candy. Bringing Naloxone to our campuses will ensure we are equipped to the best of our ability to respond quickly to suspected overdoses and try to reverse them, and save students' lives.

When: The goal is to launch the program in January 2023. The wait time for product delivery is typically 3 - 6 weeks, but due to high demand there may be delays. Therefore, the launch timing will ultimately be dependent on availability of Naloxone from the state. By November 1, the district plans to submit the NDP application to get the process started. During the wait time between submitting the application and receiving the product, required staff training will take place (on a volunteer basis). Once shipment is received, the product will be distributed to the school sites.

How: The process for obtaining Naloxone for schools is clearly laid out by the California Department of Health Care Services. It includes completing the NDP application, providing a copy of a Naloxone standing order, and a distribution plan. We will also be required to report the number of overdose reversals reported with Naloxone received through NDP (for subsequent applications).

Cost: The total approximate budget implication is \$4500. The Narcan itself is provided by the Naloxone Distribution Project at **no cost** to school districts. There will be a cost of \$60 per person to provide the required CPR training for all staff who volunteer to administer Narcan, although some staff volunteers may already have their certification. The goal is to train at least two people at each site. There will also be a nominal cost to purchase CPR rescue masks, with a goal of buying a minimum of one rescue mask per school site. The anticipated cost is \$3.50 - \$6.00 per mask.

BUDGET IMPLICATION: n/a

TOPIC: CAASPP TESTING DATA

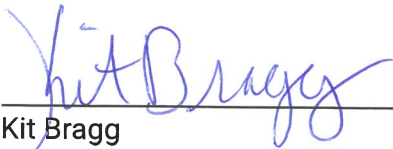

While the state has yet to release CAASPP data publicly, local LEAs are able to share district, site, and subgroup data. The California Assessment of Student Performance & Progress (CAASPP) is an important yearly summative measure used in a number of ways to determine individual student performance, as well as the overall educational effectiveness of our programs and curricula. The following observations can be found in the data:

- SRVUSD students continue to achieve at high levels overall; especially when compared to aggregate Contra Costa County data. SRVUSD achievement levels include English Language Arts 79.71% Proficient/Exceeded, Math 72.05% Proficient/Exceeded, and Science 61.84% Proficient/Exceeded.
- Overall 2022 SRVUSD CAASPP scores fell 2 percentage points in English Language Arts and 5.5 percentage points in math, when compared to 2018-2019 proficiency levels, affirming a degree of pandemic learning loss.
- Underserved populations by demographic status, disability status and socio-economic status state indicators demonstrate lower levels of proficiency.

A number of actions have already been taken in anticipation of knowing pandemic learning loss has occurred in many California schools. MTSS Liaisons partner with classroom teachers to deliver instruction & intervention. Equity Liaisons partner with classroom teachers to ensure all underserved populations make academic gains. All schools have student support time built into their schedules so that all students can access intervention when needed. Staff collaboration time is built into all teacher schedules so teams have time to analyze assessment data, including CAASPP data, in order to determine what supports are most appropriate for individual students and/or groups of students. All principals, in partnership with staff/liaisons & local school communities, are developing site specific goals in order to improve outcomes for underserved populations. Additionally, CAASPP data helps guide our instructional practice alongside other assessments, such as our FASTBridge screener. SRVUSD administers FASTBridge to all students in grades K-12 three times per year. This assessment, in addition to classroom-specific assessments developed by teachers and teaching teams, provides the appropriate just-in-time support our students need in order to thrive academically.

Recommendation: Informational item only

Budget Implications: Provides a data source in order to determine efficacy of instructional programs and initiatives.

TOPIC: PUBLIC DISCLOSURE OF THE MAJOR PROVISIONS OF THE 2022-23 SAN RAMON VALLEY EDUCATION ASSOCIATION (SRVEA) AGREEMENT IN ACCORDANCE WITH THE REQUIREMENTS FOR AB1200, AB2756 & GOVT. CODE 3547

DISCUSSION: Assembly Bill (AB) 1200 and AB 2756 require local educational agencies to publicly disclose the major provisions of all collective bargaining agreements before entering into a written agreement. Government Code, section 3547.5 states:

“Before a public school employer enters into a written agreement with an exclusive representative covering matters within the scope of representation, the major provisions of the agreement, including, but not limited to, the costs that would be incurred by the public school employer under the agreement for the current and subsequent fiscal years, shall be disclosed at a public meeting of the public school employer in a format established for this purpose by the Superintendent of Public Instruction.”

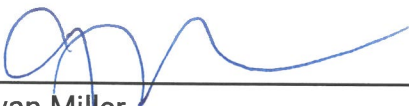

This provision is intended to ensure that the public is aware of the known costs associated with a proposed collective bargaining agreement before it becomes binding upon the district. In addition, the law requires that a district’s Superintendent and Chief Business Officer (CBO) certify in writing that the costs incurred under a collective bargaining agreement can be met by the district during the term of the agreement. The Public Disclosure Form, along with a copy of the proposed bargaining agreement, must be submitted to the County Office of Education for review at least (10) workdays prior to the date on which the Governing Board will take action on the proposed collective bargaining agreement.

The County Office of Education has performed their review and has sent the attached letter which summarizes their analysis. The County Office of Education has asked that the district remain prudent in its spending and budgetary expectations.

The district has reached a tentative agreement with SRVEA and in accordance with requirements of the AB 1200, staff has prepared the AB 1200 Public Disclosure documents along with Certification that the district can meet the costs incurred during the term of this agreement.

RECOMMENDATION: N/A – Public Disclosure only.

BUDGET IMPLICATION: Ongoing salary increase of 8.5% effective July 1, 2022, and a one-time payment of 1% based on salary placement as of November 1, 2022, and other miscellaneous compensation items such as hourly rate placement on the Teachers’ Salary C-1 and C-5 schedules, student class size overage payments, and extra pay stipends for Curriculum and Development/Inservice. Total budget impact of \$18,343,948 in 2022-23.

John Malloy, Ed.D., Superintendent
San Ramon Valley Unified School District
699 Old Orchard Drive
Danville, CA 94526

Dear Superintendent Malloy:

The Contra Costa County Office of Education has reviewed the District's Negotiated Salary Settlement Disclosure documents that provide the details for the tentative agreement with the San Ramon Valley Education Association (SRVEA) group for fiscal year 2022-23.

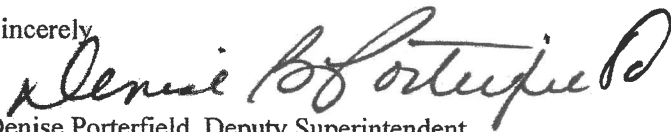

The AB 1200 disclosure documents provided by San Ramon Valley Unified School District indicate the district will be able to provide the funding for an 8.5% increase to the salary schedule (plus statutory benefits) effective July 1, 2022, and a one-time payment of 1% based on unit members salary schedule placement as of November 1, 2022. Other compensation items include the following; effective 7/1/22 the hourly rate for instructional purposes will be 0.08075% of the Credentialed Teachers' Salary Schedule C-5, the hourly rate for non-instructional purposes will be 0.08075% of the Credentialed Teachers' Salary Schedule C-1, The SRVUSD Extra Salary Schedule will include the following revisions: Curriculum and Development/Inservice Extra Pay Stipend will be \$250 for a fully day and \$125 for a half day of up to 4 hours; K-3 classrooms shall be staffed at a site average enrollment of 24:1 with a maximum of twenty-four (24) students enrolled per class. The class maximum may be exceeded by two (2) students per class for a total of twenty-six (26) students. After the tenth consecutive day exceeding twenty-four students, the affected K-3 classroom teacher will be compensated for each additional student above twenty-four (24) at the rate of 37.5% of the negotiated certificated hourly rate per school day, retroactive to the first day of the overage. Beginning in 2022-23, grades 4 and 5 classrooms shall be staffed at a site average enrollment of 29:1 with a maximum of twenty-nine (29) students enrolled per class. This class maximum may be exceeded by two (2) students per class, for a total of thirty-one (31) students. After the tenth (10th) consecutive day of such class size overage, exceeding twenty-nine (29) students, the affected 4-5 classroom teacher will be compensated for each additional student about (29) at the rate of 37.5% of the negotiated certificated hourly rate per school day, retroactive to the first day of the overage. Based on the analysis of the district's disclosure documents, this settlement will cost the district \$18,343,948 for fiscal year 2022-23. Additional ongoing revenues from the 2022-23 Enacted State Budget will be available to fund ongoing increases and one-time revenues are available to fund the one-time payment.

Based on the district's multi-year projection, the CCCOE agrees with the district's certification that the district can afford this salary settlement agreement. If the district's projected ADA and Revenue Assumptions come in lower than expected, the district may need a plan to address any deficit. We encourage the district to be prudent in its spending and mindful that any further negotiated settlements could cause the district to look at implementing additional reductions.

TOPIC: CONSIDERATION OF ADOPTION OF RESOLUTION NO. 37/22-23, APPROVAL OF PROVISIONAL INTERNSHIP PERMIT (PIP) REQUEST(S)

DISCUSSION: The California Commission on Teacher Credentialing is no longer issuing Emergency Permits. Instead, the Commission replaced the Emergency Permit with the Provisional Internship Permit (PIP) which provides applicants additional time to meet the subject matter competence requirement(s) needed to enter an internship program. A school district may request a PIP only after a diligent search has been conducted and a fully credentialed teacher was unable to be hired in a position.

All requests for a PIP must be presented to the Governing Board of a public school district for approval as an action item on the Board's meeting agenda. Every PIP request that is submitted to the Commission on Teacher Credentialing must include evidence that a notice of intent to employ the name applicant in the identified position has been made public.

RECOMMENDATION: Approve the Provisional Internship Permit request(s) as presented.

(Education Code 311(a))~~

~~2. Older students: The student is age 10 years or older, and it is the informed belief of the school principal and educational staff that an alternate course of study would be better suited to the student's rapid acquisition of basic English skills. (Education Code 311(b))~~

~~3. Student with special needs: The student already has been placed for a period of not less than 30 calendar days during that school year in an English language classroom and it is subsequently the informed belief of the school principal and educational staff that the student has special physical, emotional, psychological or educational needs and that an alternate course of educational study would be better suited to the student's overall educational development (Education Code 311(c))~~

~~The parent/guardian shall personally visit the school to apply for the waiver. (Education Code 310)~~

~~Upon request for a waiver, the Superintendent or designee shall provide to the parents/guardians: (Education Code 310, 311; 5 CCR 11309)~~

~~1. ~~Pursuant to Education Code 311(b) and 311(c), the principal and educational staff may recommend a waiver to a parent/guardian for a student 10 years or older and a student with special needs.~~

Parents/guardians shall be informed in writing of any recommendation for an alternative program made by the principal and staff and shall be given notice of their right to refuse to accept the recommendation. The notice shall include a full description of the recommended alternative program and the educational materials to be used for the alternative program as well as a description of all other programs available to the student. If the parent/guardian elects to request the alternative program recommended by the principal and educational staff, the parent/guardian shall comply with district procedures and requirements otherwise applicable to a parental exception waiver, including Education Code 310. (5 CCR 11309)

Other equivalent assessment measures may be used when evaluating waiver requests pursuant to Education Code 311(a) for students who already know English and other waiver requests for those students for whom standardized assessment data are not available. These equivalent measures may include local assessments, local standards and teacher evaluations.

Parental exception waivers pursuant to Education Code 311(b) for students 10 years or older shall be granted if it is the informed belief of the principal and educational staff that an alternate course of educational study would be better suited to the student's rapid acquisition of basic English language skills. (Education Code 311)

Parental exception waivers pursuant to Education Code 311(c) for students with special needs shall be granted if it is the informed belief of the principal and educational staff that, due to the student's special physical, emotional, psychological or educational needs, an alternate course of educational study would be better suited to the student's overall educational development. (Education Code 311)

Each waiver shall be considered on its individual merits with great deference given to parental preference for student placement.

The principal or designee shall act upon all parental exception waivers within 20 instructional days of submission to the principal. However, parental waiver requests pursuant to Education Code 311(c) for students with special needs shall not be acted upon during the 30-day placement in an English language classroom. These waivers shall be acted upon no later than 10 calendar days after the expiration of that 30-day English language classroom placement or within 20 instructional days of submission of the waiver to the principal, whichever is later. (5 CCR 11309)

All parental exception waivers shall be granted unless the principal and educational staff have determined that an alternative program offered at the school would not be better suited for the overall educational development of the student. (5 CCR 11309)

Individual schools in which 20 students or more of a given grade level receive a waiver shall be required to offer such a class; otherwise they must allow the students to transfer to a public school in which such a class is offered. (Education Code 310)

Students wishing to transfer shall be subject to the district's intradistrict and interdistrict attendance policies and administrative regulations. Students wishing to transfer to another district shall also be subject to the receiving district's interdistrict attendance policies and administrative regulations.

In cases where a parental exception waiver pursuant to Education Code 311(b) or (c) is denied, the parent/guardian shall be informed in writing of the reason(s) for the denial and advised that he/she may appeal the decision to the Board if the Board authorizes such an appeal, or to the court. (5 CCR 11309)

Waiver requests shall be renewed annually by the parent/guardian. (Education Code 310)

Whenever parents/guardians of enrolled students, and those enrolled for attendance in the next school year, request that the district establish a specific language acquisition program in accordance with Education Code 310, such requests shall be addressed through the following process: (5 CCR 11311)

1. The school shall make a written record of each request, including any request submitted verbally, that includes the date of the request, the names of the parent/guardian and student making the request, a general description of the request, and the student's grade level on the date of the request. As needed, the school shall assist the parent/guardian in clarifying the request. All requests shall be maintained for at least three years from the date of the request.
2. The school shall monitor requests on a regular basis and notify the Superintendent or designee when the parents/guardians of at least 30 students enrolled in the school, or at least 20 students in the same grade level, request the same or a substantially similar type of language acquisition program. If the requests are for a multilingual program model, the district shall consider requests from parents/guardians of students enrolled in the school who are native English speakers in determining whether this threshold is reached.
3. If the number of parents/guardians described in item #2 is attained, the Superintendent or designee shall:
 - a. Within 10 days of reaching the threshold, notify the parents/guardians of students attending the school, the school's teachers, administrators, and the district's English learner parent advisory committee and parent advisory committee, in writing, of the requests for a language acquisition program
 - b. Identify costs and resources necessary to implement any new language acquisition program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent/guardian and community engagement to support the proposed program goals
 - c. Within 60 calendar days of reaching the threshold number of parents/guardians described in item #2 above, determine whether it is possible to implement the requested language acquisition program and provide written notice of the determination to parents/guardians of students attending the school, the school's teachers, and administrators
 - d. If a determination is made to implement the language acquisition program, create and publish a reasonable timeline of actions necessary to implement the program. If a determination is made that it is not possible to implement the program, provide a written explanation of the reason(s) the program cannot be provided.

The district shall notify parents/guardians at the beginning of each school year or upon the student's enrollment regarding the process to request a language acquisition program, including a dual-language immersion program, for their child. The notice shall also include the following: (5 CCR 11309, 11310)

1. A description of the programs provided, including structured English immersion

2. Identification of any language to be taught in addition to English when the program includes instruction in a language other than English
3. The manner in which the program is designed using evidence-based research and includes both designated and integrated English language development
4. The manner in which the district has allocated sufficient resources to effectively implement the program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development, and opportunities for parent/guardian and community engagement to support the program goals
5. The manner in which the program will, within a reasonable period of time, lead to language proficiency and achievement of the state-adopted content standards in English and, when the program includes instruction in another language, in that other language
6. The process to request establishment of a language acquisition program not offered at the school
7. For any dual-language immersion program offered, the specific languages to be taught. The notice also may include the program goals, methodology used, and evidence of the proposed program's effectiveness.

Policy 6174: Education For English Learners

The Board of Education intends to provide English Learners with challenging curriculum and instruction that develop proficiency in English as rapidly and efficiently as possible in order to assist students in accessing the full educational program and achieving the district's academic standards.

The Superintendent or designee shall maintain procedures which provide for the identification, assessment and placement of English learners and for their reclassification based on district criteria adopted by the Board and specified in administration regulations.

The district's program shall be based on sound instructional theory and shall be adequately supported so English learners can achieve results at the same academic level as their English proficient peers in the regular course of study. Teachers of English learners will be properly certified to instruct students with emerging English language.

To ensure the district is effectively meeting the needs of English learners, the Superintendent or designee shall annually examine English learner program results, including reports of the students' academic achievement, and progress towards proficiency in English.

Type of Instruction

Students who are English learners shall be educated through structured English immersion during a temporary transition period not normally intended to exceed one year. Nearly all classroom instruction in the structured English immersion program shall be in English, but with the curriculum and presentation designed for students who are learning the language. Clarification, explanations and support, as needed, may be in a student's primary language.

When an English learner has acquired a reasonable level of English proficiency as measured by any of the state designated assessments approved by the California Department of Education or any locally developed assessments and using other criteria developed by the district, he/she shall be transferred from a structured English immersion classroom to an English language mainstream classroom in which the instruction is "overwhelmingly" in English. (Education Code 305; 5 CCR 11301)

Parental Exemption Waivers

At any time during the school year, the parent/guardian of an English learner may have his/her child moved into an English language mainstream program. Parent/guardian requests for waivers from Education Code 305 regarding placement in a structured English immersion program shall be granted in accordance with law and administrative regulation.

The Governing Board intends to provide English learners with challenging curriculum and instruction that maximize the attainment of high levels of proficiency in English, advance multilingual capabilities, and facilitate student achievement in the district's regular course of study.

English learners shall be provided differentiated English language development instruction which is targeted to their English proficiency level. Such instruction shall be based on sound instructional theory, be aligned with state content standards, emphasize inquiry-based learning and critical thinking skills, and be integrated across all subject areas.

No middle or high school student who is an English learner shall be denied enrollment in any of the following: (Education Code 60811.8)

1. Courses in the core curriculum areas of reading/language arts, mathematics, science, and history-social science, courses required to meet state and local high school graduation requirements, or courses required for middle school grade promotion

However, an English learner may be denied participation in any such course if the student has been enrolled in a school in the United States for less than 12 months or is enrolled in a program designed to develop the basic English skills of newly arrived immigrant students, and the course of study provided to the student is designed to remedy academic deficits incurred during participation and to enable the student to attain parity of participation in the standard instructional program within a reasonable length of time after the student enters the school system.

2. A full course load of courses specified in item #1 above
3. Other courses that meet the "a-g" course requirements for college admission or are advanced courses such as honors or Advanced Placement courses, on the sole basis of the student's classification as an English learner

The district shall identify in its local control and accountability plan (LCAP) goals and specific actions and services to enhance student engagement, academic achievement, and other outcomes for English learners.

The Superintendent or designee shall encourage parent/guardian and community involvement in the development and evaluation of programs for English learners. The Superintendent or designee may also provide an English development literacy training program for parents/guardians and community members so that they may better support students' English language development.

Staff Qualifications and Training

The Superintendent or designee shall ensure that all staff employed to teach English learners possess the appropriate authorization from the Commission on Teacher Credentialing.

The district shall provide effective professional development to teachers (including teachers in classroom settings that are not the settings of language instruction educational programs), administrators, and other school or community-based organization personnel to improve the instruction and assessment of English learners and enhance staff's ability to understand and use curricula, assessment, and instructional strategies for English learners. Such professional development shall be of sufficient intensity and duration to produce a positive and lasting impact on teachers' performance in the classroom. (20 USC 6825)

Staff development shall also address the sociocultural needs of English learners and provide opportunities for teachers to engage in supportive, collaborative learning communities.

Identification and Assessment

The Superintendent or designee shall maintain procedures for the early identification of English learners and an assessment of their proficiency using the state's English Language Proficiency Assessments for

California (ELPAC). To oversee test administration, the Superintendent or designee shall annually designate a district ELPAC coordinator and a site coordinator for each test site in accordance with 5 CCR 11518.40-11518.45.

Once identified as an English learner, a student shall be annually assessed for language proficiency until the student is reclassified based on criteria specified in the accompanying administrative regulation.

In addition, English learners' academic achievement in English language arts, mathematics, science, and any additional subject required by law shall be assessed using the California Assessment of Student Performance and Progress. As necessary, the test shall be administered with testing variations in accordance with 5 CCR 854.1-854.3. English learners who are in their first 12 months of attending a school in the United States shall be exempted from taking the English language arts assessment to the extent allowed by federal law. (Education Code 60603, 60640; 5 CCR 854.1-854.3)

Formative assessments may be utilized to analyze student performance and appropriately adapt teaching methodologies and instructions.

Language Acquisition Programs

The district shall offer research-based language acquisition programs that are designed to ensure English acquisition as rapidly and as effectively as possible and that provide instruction to students on the state-adopted academic content standards, including the English language development standards. (Education Code 306; 5 CCR 11300)

At a minimum, the district shall offer a structured English immersion program which includes designated and integrated English language development. In the structured English immersion program, nearly all of the classroom instruction shall be provided in English, but with the curriculum and presentation designed for students who are learning English. (Education Code 305-306; 5 CCR 11309)

For the purpose of determining the amount of instruction to be conducted in English in the structured English immersion program, "nearly all" means that all classroom instruction shall be conducted in English except for clarification, explanation, and support as needed.

In addition, language acquisition programs offered by the district may include, but are not limited to, the following: (Education Code 305-306)

1. A dual-language immersion program that provides integrated language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding
2. A transitional or developmental program for English learners that provides literacy and academic instruction in English and a student's native language and that enables an English learner to achieve English proficiency and academic mastery of subject matter content and higher order thinking skills, including critical thinking, in order to meet state academic content standards

The district's language acquisition programs for grades K-3 shall comply with class size requirements specified in Education Code 42238.02. (Education Code 310)

In establishing the district's language acquisition programs, the Superintendent or designee shall consult with parents/guardians and the community during the LCAP development process. The Superintendent or designee shall also consult with administrators, teachers, and other personnel with appropriate authorizations and experience in establishing a language acquisition program. (Education Code 305)

At the beginning of each school year or upon a student's enrollment, parents/guardians shall be provided information on the types of language acquisition programs available to students enrolled in the district, including, but not limited to, a description of each program, the process to be followed in making a program selection, identification of any language to be taught in addition to English when the program includes instruction in another language, and the process to request establishment of a language acquisition program. (Education Code 310; 5 CCR 11310)

Whenever a student is identified as an English learner based on the results of the ELPAC, the student's parents/guardians may choose a language acquisition program that best suits their child. To the extent possible, any language acquisition program requested by the parents/guardians of 30 or more students at the school or by the parents/guardians of 20 or more students at any grade level shall be offered by the school. (Education Code 310; 5 CCR 11311)

Reclassification

When an English learner is determined based on state and district reclassification criteria to have acquired a reasonable level of English proficiency pursuant to Education Code 313 and 52164.6, or upon request by the student's parent/guardian, the student shall be transferred from a language acquisition program into an English language mainstream classroom.

Program Evaluation

To evaluate the effectiveness of the district's educational program for English learners, the Superintendent or designee shall report to the Board, at least annually, regarding:

1. Progress of English learners towards proficiency in English
2. The number and percentage of English learners reclassified as fluent English proficient
3. The number and percentage of English learners who are or are at risk of being classified as long-term English learners in accordance with Education Code 313.1
4. The achievement of English learners on standards-based tests in core curricular areas
5. For any language acquisition program that includes instruction in a language other than English, student achievement in the non-English language in accordance with 5 CCR 11309
6. Progress toward any other goals for English learners identified in the district's LCAP
7. A comparison of current data with data from at least the previous year in regard to items #1-6 above

8. A comparison of data between the different language acquisition programs offered by the district

The Superintendent or designee shall also provide the Board with regular reports from any district or schoolwide English learner advisory committees.

**TOPIC: FIRST READING OF REVISIONS TO BOARD POLICY AND ADMINISTRATIVE REGULATION 0460
LOCAL CONTROL AND ACCOUNTABILITY PLAN**

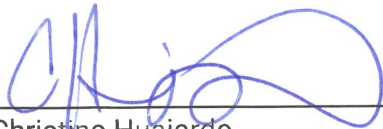

DISCUSSION: To update language and be in alignment with the California School Boards Association (CSBA) policies, board policy and administrative regulation 0640 is being updated since the last review was made in October 2019.

Paragraph 6 (SPSA) was reworded based on the Board approved changes to BP 0420 School Plans/Site Council. At the June 7, 2002 board meeting removing the requirement of having all sites complete a School Plan for Student Achievement (SPSA). The SPSA process and accompanying documentation is only required by the State if a site is receiving a very specific type of funding. SRVUSD only has one site that receives this funding, Del Amigo. The Board also approved the recommendation to develop a process that is more suited to our needs and is connected to our strategic directions.

Changes in the administrative regulation removes the Annual Updates section and adds a new section titled Increase or Improvement in Services for Unduplicated Students.

RECOMMENDATION: For informational purposes only. This item will be brought forward at the November 15 board meeting.

(cf. 0000 - Vision)

(cf. 0200 - Goals for the School District)

The Board shall adopt a districtwide local control and accountability plan (LCAP), ~~using based on~~ the template ~~provided adopted~~ by the State Board of Education (SBE), ~~which that~~ addresses the state priorities specified in Education Code 52060 ~~and any local priorities adopted by the Board.~~ ~~The LCAP shall be updated on or before July 1 of each year~~ ~~The LCAP shall be effective for three years and shall be updated on or before July 1 of each year~~ and, like the district budget, shall cover the next fiscal year and two subsequent fiscal years. The Superintendent or designee shall review the single plan for student achievement (SPSA) submitted by ~~each~~ certain district school(s), when required for participation, pursuant to Education Code 64001 to ensure that the specific actions included in the LCAP ~~or the annual update~~ are consistent with strategies included in the SPSA. (Education Code 52062)

**TOPIC: FIRST READING OF REVISIONS TO BOARD POLICY AND ADMINISTRATIVE REGULATION 6145.2
ATHLETIC COMPETITION**

DISCUSSION: To update language and be in alignment with the California School Boards Association (CSBA) policies, board policy and administrative regulation 6145.2 is being updated since the last revision was made in March 2016.

Changes to board policy include verbiage changes relating to discrimination and discriminatory practices. New paragraphs in the health and safety section reference the written emergency action plan and procedures for the automated external defibrillators (AED) and sudden cardiac arrest regulations, and parent/guardian notification of a serious injury or illness suffered by a student athlete.

Changes to administrative regulation 6145.2 include addition of the notice that each public elementary and secondary school that offers competitive athletics must make available participation information regarding the athletics program per Education Code section 221.9.

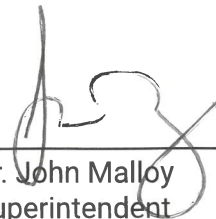

The Health and Safety section has been renamed and expanded to include additional regulations around concussions and head injuries along with new heat illness, sudden cardiac arrest, and AED regulations.

RECOMMENDATION: For informational purposes only. This item will be brought forward at the November 15 board meeting.

TOPIC: CONSIDERATION OF REJECTION OF CLAIM #611668 AGAINST THE DISTRICT

DISCUSSION: The District has received a claim for damages. Our insurance administrator recommends rejection of this claim.

A rejection of a claim against the district is not a denial of the claim. RECOMMENDATION: Staff recommends that the Board of Education reject this claim.

<i>They Called Us Enemy</i>	George Takei, Justin Eisinger, Steven Scott Top Shelf Productions Copyright 2019	All High Schools Grade 9-12	\$19.99
------------------------------------	---	--------------------------------	---------

They Called Us Enemy is a graphic novel with lessons of Japanese American history to help supplement the current English curriculum. The book can also be read as a stand alone at any time during the school year.

One of the most important goals from our strategic directions is to: *Create learning environments that are safe, equitable, and provide a sense of belonging for all students and staff.* One way to achieve this goal is through literature - to introduce children to worlds inside and outside of their own. It is so important for schools to be full of diverse stories that reflect students' backgrounds and cultures. Students seeing themselves in the stories they read fosters a sense of belonging, recognition, and validation. These books have been previewed for age appropriateness and educational content.

**TOPIC: CONSIDERATION OF APPROVAL OF LOCAL INDICATORS 2022-23 LCAP DASHBOARD
SELF-ASSESSMENT**

DISCUSSION: The CDE requires California school districts to perform a self-assessment on local performance indicators for submission to the California Data Dashboard and report the results as part of a non-consent item at a regularly scheduled public meeting in conjunction with the adoption of the LCAP. 2022-23 data is used to report and submit SRVUSD local indicators to the 2022 CA Dashboard.

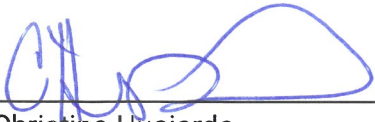

The LEA reflects their progress on a 5-point rating scale. 1) Exploration and Research Phase; 2) Beginning Development; 3) Initial Implementation; 4) Full Implementation; 5) Full Implementation and Sustainability. The LEAs ranked themselves based on this scale and the indicators and SRVUSD rankings are:

- 1) Priority 1- Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities
 - a. SRVUSD has appropriately assigned teachers, access to curriculum-aligned instructional materials, and safe, clean and functional school facilities
- 2) Priority 2 - Progress toward implementation of state standards and curriculum frameworks

Introduction

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

Performance Standards

The performance standards for the local performance indicators are:

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

The LEA annually measures its progress in meeting the Williams settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

Implementation of State Academic Standards (LCFF Priority 2)

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Parent and Family Engagement (LCFF Priority 3)

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

School Climate (LCFF Priority 6)

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

Access to a Broad Course of Study (LCFF Priority 7)

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)

The county office of education (COE) annually measures its progress in coordinating instruction as required by California EC Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Teachers	Number	Percent
Misassignments of Teachers of English Learners	2

Parental Involvement and Family Engagement (LCFF Priority 3)

Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: ¹

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
 - 1 – Exploration and Research
 - 2 – Beginning Development
 - 3 – Initial Implementation
 - 4 – Full Implementation
 - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

Based on the analysis of educational partner input and local data, SRVUSD makes significant effort to create welcoming environments and develop multiple opportunities for two-way communication and build trusting relationships as evidenced by volunteer programs, school liaisons, social workers, parent advisory groups, and digital and in-person communication. The district is committed to engaging community stakeholders at a deep level. Educational partners feedback was received via surveys, Superintendent listening meetings, Thought Exchange(9,000 participants) , Focus Groups (61 groups and 958 participants), Principal Coffee talks, town halls, staff meetings, and student surveys. As described in the SRVUSD LCAP, there were many opportunities across the district for Parent Education in a variety of subject areas, including Math, Writing, Reading, Special Education, Social Emotional Workshops, and Digital Citizenship with Common Sense Media. Schools hold many events that support families and promote parental participation, such as Town Halls, Focus Groups, Thought Exchange Surveys, Literacy Nights, Parenting Workshops, Special Needs PTA, Inclusion and Diversity Committee, DELAC, and Principal Coffees. Parents are encouraged to communicate with staff concerns and meet with teachers, counselors and administrators on regular bases. The schools offer various support resources and communicate these resources to the parents in multiple forms. Informational meetings are held to ensure parents understand what those resources are and how their child can access them.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

Based on the analysis of educational partner input and local data, SRVUSD has ensured that specific strategies are implemented to support successful school and family connections with a focus on reducing barriers to greater participation by parents, with significant attention given to parents who are economically disadvantaged, are disabled, have limited English proficiency, are migratory, have limited literacy, or are of any racial or ethnic minority background. SRVUSD provides translation services to parents with limited English Proficiency when providing information online, newsletters or meetings at school and district locations. However, with these opportunities in place, SRVUSD seeks to increase participation rates. Additionally, a focus area for this year will be the growth and development of the SRVUSD's DELAC.

Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

Based on the analysis of educational partner input and local data, it is clear that SRVUSD has significant strengths in building partnerships for student outcomes. Survey data shares a culture of responsiveness with a focus on deep learning and innovation, equity and social emotional well being. All K-8 schools have conference weeks that support teacher/family partnerships with the shared goal of increasing student outcomes. SRVUSD has increased counselors at all grade levels which increases communication with educational partners, often leading to the required interventions that increase achievement and well-being.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

Based on the analysis of educational partner input and local data, it is evident that we need to increase participation rates in parent workshops, understanding of college pathways, CTE programs and career opportunities. Additionally, SRVUSD is focused on improving articulation with local Community Colleges and businesses. Growth in these partnerships can lead to improved access and deep learning and innovation opportunities.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

Based on the analysis of educational partner input and local data, SRVUSD has implemented specific strategies to support successful school and family connections with a focus on reducing barriers to greater participation by parents, with significant attention given to parents who are economically disadvantaged, are disabled, have limited English proficiency, are migratory, have limited literacy, or are of any racial or ethnic minority background. SRVUSD provides translation services to parents with limited English Proficiency when providing information online, newsletters or meetings at school and district locations. SRVUSD has increased the number of Social Workers who provide multiple services: Social-Emotional supports, counseling, transportation, clothing. A significant focus area is the development of an English Learner Master Plan.

Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

SRVUSD strongly supports family members to effectively engage in advisory groups and decision-making as evidenced by advisory groups, Steering Committees, and task forces (GATE, CAC, PTA, DELAC, ELAC, LCAP Preschool Taskforce, School Site Council, Equity Committee, Social Emotional Well Being Committee). The district is committed to engaging community stakeholders at a deep level. Stakeholder feedback was received via surveys, Superintendent's Task Force, Thought Exchange (9,000 participants), Focus Groups (61 groups and 958 participants), Principal Coffee talks, town halls, staff meetings, and student surveys. Additionally feedback was received at six LCAP stakeholder meetings (which includes: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students), the SRVUSD Community Advisory Committee (CAC), SRVUSD PTA Presidents meeting, and the SRVUSD District English Learner Advisory Committee (DELAC). San Ramon Valley's SELPA director ensures a continuum of special education feedback opportunities, review of, and posting of local plans with guaranteed and regular committee meetings. Additional groups that engaged in the feedback process: DVSR Rotary, San Ramon Chamber, Danville Chamber, Discovery Counseling Center Board, SRV Mental Health Coalition, PFLAG, Equity Committee, Inclusion and Diversity Committee, Grade Reform Committee, Student Senate and the Exceptional Education Committee.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

Based on the analysis of educational partner input and local data, there is consensus that there are multiple avenues for educational partners to provide input for decision-making, but there is a gap in "who" is providing the input. Meaning, there is not enough input being provided by students and underrepresented families. SRVUSD is making a concerted effort to elevate student voice through Student Senate, Student Steering Committees (Deep Learning and Innovation, Equity, and Social Emotional Well Being), affinity groups, student advisory and leadership programs.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

Based on the analysis of educational partner input and local data, SRVUSD will engage with specific strategies to improve engagement of underrepresented families identified during the self-reflection process in relation to seeking input for decision-making. Focus will be on seeking input on how to diversify the curriculum, making recommendations on diversifying staff, provide forums to discuss strategies to address equity issues, and increase access to social workers to gather input from underrepresented families.

School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6–8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

1. **DATA:** Reflect on the key learnings from the survey results and share what the LEA learned.
2. **MEANING:** What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?
3. **USE:** What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?

SRVUSD administered the Healthy Kids Survey in spring 2022. The Core modules were revised by CALSCHLS to better understand the impacts of COVID-19. The first question of the Core Module was to find out if the students participated in school remotely or in school. Although most of our school year was in person at all schools, we offered remote instruction through our Venture Independent school to a small number of students who opted for the virtual option. Based on the response the rest of the survey had questions only relevant to their instructional model. The survey was sent to approximately 9600+ parents. The response rate was 78% in grade 5, 98% in Grade 7, 79% in grade 9 and 64% in grade 11. The key finding of the results on students' perception of school safety and connectedness are as follows:

- 1) 76% of the Grade 5 students reported that they feel connected at school. Of the secondary school students, 7th and 9th graders reported a high level of school connectedness at 63% & 58% respectively, followed by 47% of 11th graders.
- 2) On average, 89% of the 5th graders agree they feel safe at school all or most of the time. 74% of 7th, 71% of 9th and 73% of 11th grade students agree or strongly agree that they feel very safe or safe at school.
- 3) Learning from Home is an important indicator, about 86% by 5th graders felt they worked on schoolwork on an average of more than 5 days, followed by 77% and 74% by 9th graders and 7th graders and about 33% of the 11th graders
- 4) Results of school connectedness by ethnicity – Ethnic groups with the highest reported connectedness are White, American Indian or Alaska Native, and Asian. African American and Hispanic reported lowest levels of connectedness at each level.
- 5) Reported school connected by gender – Girls reported higher connectedness in 5th, 7th and 9th grades however boys reported high school connectedness in 11th grade. The option to choose binary or something else as options were provided on the survey to choose from under gender this year at the secondary level.

Optional Narrative - In a Social Emotional Wellbeing survey check conducted locally in spring of 2022, 81.9% of the 5th grade students reported typical or above or well above expected wellbeing. At the secondary level, 81.9% of 7th, 89.1% of 9th and 79.5% of 11th graders reported typical or above or well above expected wellbeing.

Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)
2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)
3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)
4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

1. To track our students' access to a broad course of study, we have identified the following measures and tools: course catalogs, program and pathway participation rates, including personalized learning data. Adherence to the course catalog ensures that all SRVUSD students take the requisite courses necessary for graduation that are outlined in California Education Code. Additionally, SRVUSD has created counseling sessions to analyze and ensure access for all students, including unduplicated students, and individuals with exceptional needs.

2. Initial analysis of the options presented indicates that students and families are taking advantage of the flexibility that the PLIs provide. About a third of high school students participate in at least one of 49 Career Technical Education (CTE) pathway courses offered in our district. About 100 students currently participate in the iQuest internship program at two high schools. The iQuest course provides students the opportunity to work closely with a teacher and meet regularly as a class to develop an internship or self-study that connects to their individual needs and interests. Currently six elementary schools and all grade 6 students taking an elective wheel from two middle schools participate in the California High Integrated Maker's Education (CHIME), which introduces students interested in STEM to their course and program options in technology, computer science, engineering, and science.

Students with special needs also often are challenged accessing elective courses because their schedules are limited in space due to the courses required as part of their IEPs. SRVUSD will continue to review our policies regarding course availability in order to address parent/guardian concern

3. The district continues to face financial constraints based on declining enrollment, but is exploring creative funding sources. Stakeholder input has alerted SRVUSD that not all students have the necessary information to access all possibilities. It was found that last year, there was not sufficient professional development provided on Tier 1 interventions.

4. The district will increase communication to all stakeholders regarding personalized learning options that are available for students in order to increase access and equity. Additionally, the District is convening a committee to look at bell schedules to explore, among other things, how bell schedules can be structured to provide dynamic flexibility to the scheduling process and increase interventions.

TOPIC: CONSIDERATION OF APPROVAL OF REVISIONS TO BOARD POLICY AND ADMINISTRATIVE REGULATION 6158 INDEPENDENT STUDY

DISCUSSION: Revisions to board policy and administrative regulation 6158 Independent Study were presented at the last board meeting on September 20. Minor grammar corrections have been made. The course list and resolution are also being presented at tonight's Board meeting for approval.

The long-term independent study program, offered through Venture, is now course-based. It is a priority to have courses taught by a certificated employee (teacher) that holds the appropriate subject matter credential. Venture courses are annually certified by the Board of Education to be of the same rigor, educational quality, and aligned to grade level standards that is substantially equivalent to in-person instruction. The certification includes course duration, the total number of daily and annual instructional minutes, the number of course credits or other indicators of academic progress, and the LEA's plan to provide opportunities for live interaction and synchronous instruction as required by law. The course list and resolution will be presented to the Board at the October 18, 2022 meeting for approval.

INDEPENDENT STUDY

The Board of Education authorizes independent study as an optional alternative instruction strategy for ~~eligible~~ students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan to serve students who desire a more challenging educational experience, whose health or other personal circumstances make classroom attendance difficult, who are unable to access course(s) due to scheduling problems, and/or who need to make up credits or fill gaps in their learning. As necessary to meet student needs, independent study may be offered ~~for short- or long-term placements,~~ on a full-time basis or ~~on a~~ part-time basis, and/or in conjunction with part- or full-time classroom study.

~~The Board shall hold a public hearing when considering the scope of its existing or prospective use of independent study as an instructional strategy, its purposes in authorizing independent study, and factors bearing specifically on the maximum realistic lengths of assignments and acceptable number of missed assignments for specific populations of students or adult education students. (Education Code 51747; 5 CCR 11701)~~

The superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school, an alternative school or program of choice, a charter school, and an online course.

~~A student's~~ Student participation in independent study shall be voluntary and no student shall be required to participate. (Education Code ~~51747, 51749.5, 51749.6~~)

Independent study for each student shall be under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or an emergency credential pursuant to Education Code 44300. Students' independent study shall be coordinated, evaluated, and documented, as prescribed by law and reflected in the accompanying administrative regulation. (Education Code 51747.5)

The minimum period of time for any independent study option shall be ~~five~~ three consecutive school days (Education Code 46300).

General Independent Study Requirements

The Superintendent or designee may offer and approve independent study for an individual student upon determining that the student is prepared to meet the district's requirements ~~for independent study~~ participation and is likely to succeed ~~in independent study~~ as well as or better than the student would in the regular classroom setting.

~~For the 2021-22 school year, only, the district shall offer independent study, as specified in Education Code 51745, to meet the educational needs of students unless the district has obtained a waiver (Education Code 51745)~~

~~The minimum instructional minutes shall be the same for all students at each school including students participating in independent study, except as otherwise permitted by law. (Education Code 46100)~~

Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after assigned for all grade levels and types of program. ~~However, w~~When necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due~~,. However, in no event shall the due date of an assignment be extended beyond the termination date specified in the student's written agreement. up to the termination date of the agreement.~~

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student fails to make satisfactory educational progress and/or ~~misses 60% of the assignments in a week~~ misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators: (Education Code 51747)

1. The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060
2. The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments
3. Learning required concepts, as determined by the supervising teacher
4. Progress towards successful completion of the course of study or individual course, as determined by the supervising teacher

~~The level of satisfactory educational progress that will be allowed before an evaluation is conducted shall be as follows:~~

- ~~1. For grades TK-5, inclusive, the student must be meeting standard in academic areas.~~
- ~~2. For grades 6-12, inclusive, the student must be earning grades D or better.~~

The Superintendent or designee shall ensure that students participating in independent study are provided with content aligned to grade level standards at a level of quality and intellectual challenge **substantially** equivalent to in-person instruction. For high schools, this shall include access to all courses offered by the district for graduation and approved by the University of California (**UC**) or the California State University (**CSU**) as creditable under the A-G admissions criteria. (Education Code 51747)

The Superintendent or designee shall ensure that students participating in independent study for 15 school days or more receive the following throughout the school year: (Education Code 51747)

1. For students in grades transitional kindergarten, kindergarten, and grades 1 to 3, opportunities for daily synchronous instruction
2. For students in grades 4-8, opportunities for both daily live interaction and at least weekly synchronous instruction
3. For students in grades 9-12, opportunities for at least weekly synchronous instruction

The Superintendent or designee shall ensure that procedures for tiered reengagement strategies are used for all students ~~who are not generating attendance for more than three days or 60~~

~~percent of the instructional days in a school week, or who are in violation of their written agreement. This requirement only applies to students participating in an independent study program for 15 school days or more who are. The procedures shall include, but are not necessarily limited to, all of the following:~~ (Education Code 51747)

2. Notification to parents/guardians of lack of participation within one school day of the ~~recording of a nonattendance day-absence~~ or lack of participation
3. A plan for outreach from the school to determine student needs, including connection with health and social services as necessary
4. A clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being

The Superintendent or designee shall, ~~for students who participate in an independent study program for 15 school days or more,~~ develop a plan to transition students whose families wish to return to in-person instruction from independent study expeditiously, and, in no case later than five instructional days. ~~This requirement only applies to students participating in an independent study program for 15 school days or more.~~ (Education Code 51747)

When any student enrolled in classroom-based instruction is participating in independent study due to necessary medical treatment or inpatient treatment for mental health or substance abuse under the care of appropriately licensed professionals, the student shall be exempt from the live interaction and/or synchronous instruction, tiered reengagement strategies, and transition back to in-person instruction requirements specified above. In such cases, evidence from appropriately licensed professionals, of the student's need to participate in independent study, shall be submitted to the Superintendent or designee. (Education Code 51747)

The Superintendent or designee shall ensure that a written master agreement exists for each participating student as prescribed by law. (Education Code 51747)

~~The district shall provide written notice to the parents/guardians of all enrolled students of the options to enroll their child in in-person instruction or independent study during the 2021-22 school year. This notice shall be posted on the district's web site, and shall include, at a minimum, information about the right to request a student-parent-educator conference before enrollment, student rights regarding procedures for enrolling, disenrolling, and reenrolling in independent study, and the instructional time, including synchronous and asynchronous learning, that a student will have access to as part of independent study. (Education Code 51747)~~

~~Before signing a written agreement pursuant to this section, and upon~~ Upon the request of the parent ~~or~~/guardian of a student, ~~and before signing a written agreement as described below in the section "Master Agreement,"~~ the district shall conduct a telephone, videoconference, or in-person ~~pupil~~student-parent-educator conference or other ~~school~~meeting ~~during~~ which the student, parent ~~or~~/guardian, ~~and, if requested by the student or parent,~~ an ~~education~~advocate, may ask questions about the educational options, including which curriculum offerings and nonacademic supports will be available to the ~~pupil~~student in independent study, ~~before making the decision about enrollment or disenrollment in the various options for learning.~~ (Education Code 51747)

~~Pupils who choose to engage in independent study are to have equality of rights and privileges with the pupils of the district who choose to continue in their regular classroom program.~~

~~Written~~ Master Agreement

A written agreement shall be developed and implemented for each student participating in independent study for ~~five~~three or more consecutive school days. (Education Code 46300, 51747; ~~5 CCR 11703~~)

5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one school year
6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion

The Superintendent or designee shall review the proposed events and determine whether the events contribute to the educational experience and do not conflict with or detract from the school's educational program. When reviewing proposed events, the Superintendent or designee shall consider the effects of the activities on student health and safety, evaluate the risk of liability to the district, and ensure that the proposed activities are in compliance with law, Board policy, and administrative regulation.

(cf. 1321 - Solicitation of Funds from and by Students)

(cf. 3554 - Other Food Sales)

Management and Reporting of Funds

Student body funds shall be managed in accordance with law, regulations, Board policies, and sound business procedures designed to encourage the largest possible educational return to students without sacrificing the security of funds.

The Superintendent or designee shall develop internal control procedures to safeguard the organization's assets, promote the success of fundraising ventures, provide reliable financial information, protect employees and volunteers from accusations of impropriety, and reduce the risk and promote the detection of fraud and abuse. These procedures shall detail the oversight of activities and funds including, but not limited to, the appropriate role and provision of training for staff and students, parameters for events on campus, appropriate and prohibited uses of funds, and accounting and record-keeping processes, including procedures for handling questionable expenditures.

(cf. 3400 - Management of District Assets/Accounts)

The principal or designee shall be responsible for the proper conduct of all student organization financial activities. (cf. 6145.2 - Athletic Competition)

Because of the district's administrative and/or direct financial involvement in the assets of the student organization, the student activity fund shall be reported within the district's fund in accordance with Governmental Accounting Standards Board Statement 84.

DEVELOPER FEES

In order to finance the construction or reconstruction of school facilities needed to accommodate increased student enrollment resulting from new development, the Governing Board may establish, levy, and collect developer fees on residential, commercial, and industrial construction within the district, subject to restrictions specified by law.

Level 1 Fees: Residential, Commercial and Industrial Construction

Before taking action to establish, increase, or impose Level 1 developer fees, the Board shall conduct a fee justification study which: (Government Code 66001)

1. Identifies the purpose of the fee and the use to which the fee will be put
2. Determines a reasonable relationship between the fee's use and the type of development project for which the fee is imposed
3. Determines a reasonable relationship between the need for the facility and the type of development project for which the fee is imposed
4. Determines a reasonable relationship between the amount of the fee and the cost of the facility or portion of the facility attributed to the development for which the fee is imposed

Before levying developer fees or prior to increasing an existing fee, the Board shall hold a public hearing. The Superintendent or designee shall mail notice of the time and place of the meeting at which a public hearing shall occur, including a general explanation of the matter to be considered and a statement that the required data are available, at least 14 days prior to the meeting to any interested party who has requested such information. Any written request for mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for mailed notices shall be filed on or before April 1 of each year. The district may charge a fee reasonably related to the cost of providing these materials. (Government Code 66016)

Information on the anticipated amount of fees, other available funds and funding sources, and the estimated cost of planning, land acquisition, and school construction shall be made available to the public at least 10 days before the hearing. (Government Code 66016)

At the hearing, the Board shall adopt a resolution for the levying of the developer fees. (Government Code 66016)

The resolution shall set forth:

1. The purpose of the fee, the use to which the fee is to be put, and the public improvement(s) that the fee will be used to finance (Government Code 66001, 66006)
2. The Board's findings of reasonable relationship which justify the fees pursuant to Government Code 66001

3. If the district requires payment of the fee at a time earlier than the date of ^{238.00257} inspection or the issuance of a certificate of occupancy, the district's determination of either of the following conditions which allow collection of the fees at the time when building permits are issued: (Government Code 66007)
- a. That the fees are to reimburse the district for previous expenditures
 - b. That the fees shall be collected for public improvements or facilities for which an account has been established, funds have been appropriated, and the district has adopted a proposed construction schedule or plan

In the case of any commercial or industrial development, the Board shall make findings on either an individual project basis or on the basis of categories of commercial or industrial development. Those categories may include, but are not limited to, the following uses: office, retail, transportation, communications and utilities, light industrial, heavy industrial, research and development, and warehouse. The Board shall also conduct a study to determine the impact of the increased number of employees anticipated to result from the commercial or industrial development upon the cost of providing school facilities within the district. (Education Code 17621)

Level 2 Fees: Residential Construction

In order to impose Level 2 residential construction fees within the limits of Government Code 65995.5, the Board shall, in addition to fulfilling the requirements above for Level 1 fees, undertake the following: (Government Code 65995.5)

(cf. 7131 - Relations with Local Agencies)

The Board shall adopt the school facility needs analysis by resolution at a public hearing. (Government Code 65995.6)

This analysis shall not be adopted until the analysis, in its final form, has been made available to the public for a period of not less than 30 days. Prior to its adoption, the public shall have the opportunity to review and comment on the analysis and the Board shall respond to written comments it receives regarding the analysis. (Government Code 65995.6)

~~No~~ Not less than 30 days prior to the hearing, notice of the time and place of the hearing, including the location and procedure for viewing or requesting a copy of the proposed

analysis, shall be published in at least one newspaper of general circulation within the jurisdiction of the district. If there is no paper of general circulation, the notice shall be posted in at least three conspicuous places within the district's jurisdiction not less than 30 days prior to the hearing. (Government Code 65995.6)

In addition, the Superintendent or designee shall mail a copy of the needs analysis not less than 30 days prior to the hearing to any person who has made a written request if the written request was made 45 days prior to the hearing. The district may charge a fee reasonably related to the cost of providing these materials. (Government Code 65995.6)

During the period of public review, the analysis shall be provided to the local agency responsible for land use planning for its review and comment. (Government Code 65995.6)

The school facility needs analysis may be revised at any time. The revision is subject to the same conditions and requirements applicable to the adoption of the analysis. The existing school building capacity shall be recalculated as part of any revision to the needs analysis. (Government Code 65995.6)

The fees authorized by Government Code 65995.6 and 65995.7 shall be adopted by resolution as part of the adoption or revision of the school facilities needs analysis. The fees shall take effect immediately upon adoption of the resolution and may not be effective for more than one year. (Government Code 65995.6)

Level 3 Fees: Residential Construction

When Level 3 fees are authorized by law and the district qualifies for Level 2 fees pursuant to Government Code 65995.5, the Board may assess a fee on residential construction pursuant to Government Code 65995.7.

The notice and hearing requirements, resolution requirement, and term of effectiveness for Level 3 fees shall be the same as the requirements for Level 2 fees as specified above. (Government Code 65995.7)

Use of Fees

The Board shall review information provided by the Superintendent or designee pursuant to Government Code 66006 regarding each account or fund into which developer fees have been deposited, at the first regularly scheduled public Board meeting which occurs 15 days after the information is made available to the public. Fifteen-day prior notice of this meeting shall be mailed to any parties filing a written request pursuant to Government Code 66006. (Government Code 66006)

In addition to discharging its public disclosure duties regarding the levying of developer fees, the Board shall, for the fifth fiscal year after the first deposit into the account or fund and every five years thereafter, make all of the following findings with respect to the portion of the account or fund that remains unexpended, whether committed or uncommitted: (Government Code 66001)

5. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees
6. An identification of an approximate date by which the construction of the public improvement will commence if the district determines that sufficient funds have been collected to complete financing on an incomplete public improvement

7. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or fund will receive on the loan
8. The amount of refunds made pursuant to Government Code 66001(e) and any allocations made pursuant to Government Code 66001(f)

When sufficient funds have been collected to complete the financing of public improvements but such improvements remain incomplete, the district shall, within 180 days of the date that a determination of sufficient funding was made, either identify an approximate date by which construction will begin or refund the unexpended revenues in accordance with Government Code 66001. (Government Code 66001)

3. The protest shall be filed at the time of approval or conditional approval of the development or within 90 days after the date of the imposition of the fees.

At the time of the imposition of the fee, the Superintendent or designee shall provide each project applicant written notice that the 90-day period in which the applicant may initiate a protest has begun. The developer may file an action to attack, review, set aside, void, or annul the imposition of the fees imposed on the development project within 180 days of delivery of the notice.
