# Key Guidance Based on the May Revision to the Governor’s Budget

On May 10, 2024, Governor Gavin Newsom released the May Revision for the proposed 2024-25 State Budget. The deficit has been adjusted both up and down since his January Budget Proposal, recognizing further declines in state revenues and the Legislature’s “early action solutions,” resulting in the governor now projecting a \$27.6 billion state deficit. The governor is addressing the state’s challenges through reserve draw-downs, spending reductions, new revenue proposals, internal borrowing, funding delays, fund shifts, and deferrals.

Major funding provisions in the 2024-25 Governor’s May Revision are as follows:

- The funded COLA to the [Local Control Funding Formula](#) (LCFF), special education and several other categorical programs outside the LCFF is 1.07 percent.
- The May Revision includes several proposals to address chronic absenteeism and lost instructional time, including the following (see [Attendance Recovery and Instructional Continuity](#) and [Learning Recovery Emergency Block Grant](#) below for further details):
  - Allowing attendance recovery time to be added to the attendance data submitted to the CDE, both for funding purposes and chronic absenteeism.
  - Requiring schools to give students access to remote instruction or support to enroll in a neighboring LEA when emergency school closures last five days or more.
  - Requiring schools to focus the use of unexpended Learning Recovery Emergency Block Grant (LREBG) funds on actions to address the needs of students most affected by learning loss.
- No cost-of-living adjustment (COLA) is provided for the California State Preschool Program, pursuant to Chapter 41, Statutes of 2023. Instead, the budget maintains funding to implement the current negotiated agreement between the state and Child Care Providers United – California on rates paid to preschool and child care providers. These rates will be renegotiated for 2025-26.
- The May Revision proposes to pause the expansion of slots in the child care programs administered by the Department of Social Services (DSS). As a result, DSS has notified tentative 2024-25 General Child Care and Development Program (CCTR) expansion awardees that there is insufficient funding to support 2024-25 CCTR expansion awards under the May Revision proposal; that the DSS will not be issuing CCTR expansion contracts or awards until further notice; and that DSS will communicate any status changes in the future.
- An elimination of planned increased investments in the 2025-26 and 2026-27 fiscal years to fund preschool inclusivity. Providers will still be required to serve at least 5% of students with disabilities.

- The May Revision proposed an increase of \$395 million to the Green School Bus Grant Program for the 2024-25 year and a reduction in the remaining out-year budget commitment to support this program, from \$500 million to roughly \$105 million. Approximately \$254 million from unused Inclusive Early Education Expansion Program Grant and other unspent funds will be used to support this program.
- The reduction of \$60.2 million in one-time support for the Golden State Teacher Grant Program. This reduction is subject to change as the DOF received updated program expenditure information after the release of the May Revision.
- The May Revision eliminates the \$375 million proposed in the January Governor’s Budget for the School Facility Program.
- The May Revision proposes to eliminate the \$550 million that was planned for the California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program in 2024-25. The Governor’s Budget proposed delaying the \$550 million to 2025-26, which was adopted as part of the budget early action in AB 106; the May Revision proposes eliminating the planned out-year investment.

Although the Governor’s May Revision fully funds the COLA and avoids cuts to most ongoing education programs, LEAs should remain aware of the estimated \$26.7 billion state budget deficit for the 2024-25 fiscal year. The May Revision addresses deficits through an \$8.8 billion accounting shift (see [Proposition 98 Risk Factors](#) below) and a depletion of the \$8.4 billion Public School System Stabilization Account (PSSSA). As a result, there is a risk of further state budget shortfalls that could result in cuts to education spending.

Moreover, many LEAs continue to experience chronic student absences, long-term declining enrollment, and various cost pressures such as increased pension rates and energy costs. In addition, all remaining COVID-19 fiscal relief funding (e.g., Elementary and Secondary School Emergency Relief Fund and Expanded Learning Opportunities Grant) will expire on September 30, 2024. As a reminder, the Arts, Music and Instructional Materials Discretionary Block Grant and the Educator Effectiveness Block Grant expire on June 30, 2026, and the LREBG expires on June 30, 2028.

Finally, the cap on special education local plan area administrative costs included in the 2024 Budget Act was one-time and is not proposed to be extended into 2024-25.

## California Economic Outlook

As in previous years, at the release of the May Revision, Governor Newsom noted the challenges and volatility of California’s progressive tax structure, which conditions state General Fund revenues on a small fraction of its population. He highlighted the impact of the fluctuation in capital gains as a share of personal income and noted that capital gains, which have been as high as 11.6% of personal income in recent years, are projected to level out at 5% through 2029, resulting in a reduction of revenue. Overall, revenues of the “big three” sources of state revenue (personal income, corporation, and sales and use taxes) are projected to be lower than

forecasted in January by \$10.5 billion (Table 1). Both personal income tax and corporation tax saw a reduction from the figures projected in the proposed Governor’s Budget to May Revision in each year of the three-year budget window. Sales and use tax shows a slight increase in 2022-23 and a projected reduction for the current and budget years. What was a \$37.9 billion budget deficit in January is now \$27.6 billion at the May Revision after factoring in the early action measures which shrunk the shortfall by \$17.3 billion.

*Table 1: Big Three CA Budget Revenue Sources (in millions)*

	2022-23		2023-24		2024-25	
	Governor's Budget	May Revision	Governor's Budget	May Revision	Governor's Budget	May Revision
Personal Income Tax	\$101,749	\$100,451	\$113,768	\$111,203	\$114,730	\$116,176
Corporation Tax	\$37,140	\$36,337	\$36,913	\$33,182	\$38,055	\$36,778
Sales Tax	\$33,186	\$33,324	\$34,643	\$33,320	\$35,123	\$34,043
Total	\$172,075	\$170,112	\$185,324	\$177,705	\$187,908	\$186,997

The May Revision, and what will become the 2024-25 Enacted Budget in late June, has some risks. The risks noted by the Governor include the federal government tightening economic policy, underperformance of the stock market, and the volatility of California’s progressive tax structure and its reliance on a small group of high-income taxpayers.

The Governor does not assume a recession. Rather, he projects that the U.S. economy will continue to grow and the stock market will continue to perform well. (From: School Services Fiscal Report 5/15/2024)

# Proposition 98 Minimum Guarantee, Proposition 98 Rainy Day Fund, and Local Reserves

## Proposition 98 Minimum Guarantee

The Proposition 98 sands continue to shift under Governor Newsom’s 2024-25 revised State Budget. According to the Department of Finance, the minimum guarantee across the three-year budget window—2022-23 through 2024-25—is down by \$3.7 billion from the Governor’s Budget in January. Since Test 1 remains operative for each of the three fiscal years under the May Revision, the decrease in funding is attributable to the decline in overall state revenues (Table 2). Recall that when the minimum guarantee is determined by Test 1, K-14 public education funding fluctuates in direct proportion to increases or decreases in state General Fund revenues. Specifically, the constitutional formula for Test 1 requires that K-12 agencies and community colleges receive the same share of General Fund revenues as they did in 1986-87—the year before Proposition 98 was passed by the voters, or roughly 40% of state revenues. Under Test 1, the rise in local property taxes increases the Proposition 98 minimum guarantee on a dollar-for-dollar basis.

General Fund revenues that contribute to the minimum guarantee are reduced by \$7.3 billion over the three-year period. This reduction is offset by increases in funding from the Education Protection Account (EPA) and local property taxes by \$3.1 billion and \$500 million, respectively. Specifically, the May Revision estimates an increase of offsetting EPA funds for 2024-25 by \$4 billion from January estimates, nearly muting the \$4.3 billion General Fund reduction from the Governor’s Budget.

*Table 2: Proposition 98 Minimum Guarantee - January to May (in billions)*

	Governor’s Budget	May Revision
2022-23	\$98.3	\$97.5
2023-24	\$105.6	\$102.6
2024-25	\$109.1	\$109.1

One of the key Proposition 98 features included in the Governor’s Budget is maintained in the May Revision, which is Governor Newsom’s proposal to accrue the budgetary impact of the now \$8.8 billion allocation to K-14 agencies in 2022-23 above the constitutional minimum guarantee

in future fiscal years by making annual supplemental payments of approximately \$1.8 billion (\$1.6 billion for K-12 and \$200 million for community colleges) beginning in 2025-26. The policy prevents an immediate reduction in education funding to account for the unanticipated precipitous drop in the 2022-23 minimum guarantee of nearly \$10 billion from the 2023-24 Budget Act level last June. The proposal is drawing criticism from the LAO for the fiscal policy precedent the LAO believes it would set, as well as from Proposition 98 hawks who fear that the policy reduces funding for education over the long term.

## **Proposition 98 Risk Factors**

On May 27, 2024, the governor and the CTA reached an agreement that would withdraw the accounting shift proposed in the May Revision and replace it with an alternative solution that changes the scoring of Proposition 98, suspends Proposition 98 in the current year, and adds a maintenance factor to be paid back to education in the future. The Legislature must either concur with this agreement or negotiate an alternate solution.

LEAs should be aware of the following risks if the proposed alternative solution is accepted:

- Cash deferrals. For example, possibly deferring the June 2025 apportionment to July 2025.
- Maintenance factor repaid through a restricted program.
- Possible reductions to existing programs or reductions in expansions to existing programs.
- The possible rescinding of unallocated grants.
- Creating a long-term obligation to education that could lead to future reductions.

### **How we got to this point**

California revenues depend on three major tax revenue sources: sales, corporate, and personal. Of the three tax types, personal income tax is the most volatile. Over the last several years, California has seen significant revenue volatility, which resulted in the 2021 and 2022 budget acts showing higher growth assumptions than achieved, creating a misalignment between expenditures and revenues.

In 2022-23 and 2023-24, the revenue shortfall resulted in an \$8.8 billion overpayment of Proposition 98. To address the overpayment, in January and May the governor proposed an accounting shift. In essence, the governor's proposal financed payments it had already made to schools by creating internal borrowing that would be repaid in future years. The repayment would have been recognized gradually over five years, beginning in 2025-26. The May 27, 2024 agreement with CTA changes this approach.

# Proposition 98 Rainy Day Fund and Local Reserves

The reduction in Proposition 98 funding levels in the current and budget year, coupled with increased costs associated with the 1.07% statutory COLA, exacerbate the Proposition 98 deficit for 2023-24 and 2024-25. Consequently, in order to (a) maintain 2023-24 general apportionments for K-12 and community college agencies at their current levels, (b) pay for the increase costs in 2024-25 for the Local Control Funding Formula (LCFF) and the Student Centered Funding Formula, and (c) provide COLA for various categorical programs, the May Revision proposes to increase withdrawals from the Proposition 98 reserve in both fiscal years (Table 3). Notably, deploying resources from the Proposition 98 reserve fund averts the need for other budgetary tools to avoid cuts to education, such as deferrals.

Table 3: Proposition 98 Reserve Withdrawals (in millions)

	K-12		Community Colleges	
	Governor’s Budget	May Revision	Governor’s Budget	May Revision
2023-24	\$2,803	\$5,290	\$236	\$532
2024-25	\$2,144	\$2,208	\$486	\$382
Total	\$4,947	\$7,498	\$722	\$914

The withdrawals are a combination of formula-driven mandatory withdrawals and a sizeable \$4.8 billion discretionary withdrawal, the latter of which requires Governor Newsom to declare a budget emergency. The withdrawal of \$5.8 billion in 2023-24 reduces the balance of the Proposition 98 reserve below the statutory trigger that caps local school district reserves in 2024-25. The total \$8.4 billion withdrawal in 2023-24 and 2024-25 fully depletes the Proposition 98 reserve by the end of the budget year.

# Local Control Funding Formula

The Governor’s Budget includes a 1.07% COLA to the LCFF. When combined with population adjustments and continued reliance on one-time funding, LCFF funding is approximately \$629 million higher for the 2024-25 fiscal year.

To fully fund the LCFF and maintain the level of current-year apportionments, the May Revision proposes withdrawing approximately \$5.8 billion from the Public School System Stabilization Account (PSSSA) for 2023-24 and another \$2.6 billion for 2024-25. However, this was modified by the May 27, 2024, agreement between the Governor and the California Teachers Association (CTA); see [Proposition 98 Risk Factors](#) below.

Declining enrollment protection for school districts will continue, allowing districts to use the greater of current year, prior year, or average of the three most recent prior years’ average daily attendance (ADA). Charter schools will continue to be funded based on the current year ADA. All LEAs should continue to develop multiple financial projection scenarios using all available options to ensure they are prepared for both best- and worst-case budgets and are better able to adapt to economic uncertainty.

In San Ramon Valley Unified, the combined impact of an 1.07% COLA, declining enrollment of approximately 525 students per year, increasing unduplicated students, and ADA that is 1.5 percentage points below pre-pandemic levels, leads to a projected decrease of LCFF revenues of \$7.2 million, or a 2.1% funding decrease over 2023-24 levels. SRVUSD staff have begun referring to the 2.1% increase in funding as the “declining enrollment COLA” as it captures the impact of declining enrollment and ADA on the statutory 1.07% COLA applied to the LCFF base grants.

## Attendance Recovery and Instructional Continuity

The Governor’s Budget proposes statutory changes to allow school districts and classroom based charter schools to provide attendance recovery opportunities to classroom-based students to make up for lost instructional time.

The intent behind the attendance recovery proposal is to (1) offset student absences and mitigate student learning loss, chronic absenteeism and related fiscal impacts to districts and classroom-based charter schools, and (2) provide attendance and instructional opportunities outside of the regular school day. The intent of the instructional continuity proposal is to facilitate continuity of learning during events that disrupt regular classroom instruction (e.g., emergencies). Highlights of the proposals are as follows:

### Attendance Recovery

- In the May Revision, the governor proposed to delay implementation of the attendance recovery proposal until July 1, 2025.

- ADA recovery is capped at the lesser of the number of absences a student has accrued during the school year or 15 days and may be claimed in 15-minute increments of instruction when a student is under the immediate supervision and control of a certificated employee and engaged in educational activities that are substantially equivalent in quality and content to what the student would receive in their regular classroom.
- ADA is credited to a student as a full day of attendance once the student has met the minimum daily instructional minute requirement for their grade span.
- Attendance recovery may be offered before or after school, on weekends, or during intersessional periods, and it must be credited to the school year in which the attendance recovery program is operated.
- Expanded Learning Opportunity Program (ELOP) funds may be used if a certificated staff member of the district or charter school is providing instruction and that instruction is substantially equivalent in quality and content to what the pupil would otherwise receive as part of their regular classroom-based instructional program.
- Participation is not mandatory and shall be at the election of the student, parent, or guardian.

### **Instructional Continuity**

- The proposed implementation date of the instructional continuity proposal is fiscal year 2024-25.
- An instructional continuity program is capped at 15 days per school year unless it is medically necessary or a student is unable to attend due to an emergency situation. The May Revision eliminates the broader exemption for students experiencing significant personal difficulties that directly affect their ability to attend school.
- Instructional content must be substantially equivalent to what a student would receive in their regular classroom-based instructional program.
- A signed parental agreement is required and can be initiated at any time.

Beginning in fiscal year 2025-26, the instructional continuity proposal removes the distinction between short-term and long-term independent study by striking the references to independent study being offered for more than 14 days or less than 15 days (e.g., written agreement timeline).

When submitting J-13A requests for school closures and material decreases in ADA that occur after July 1, 2025, LEAs must certify that, as part of instructional continuity, they offered all affected pupils in-person or remote instruction within the home LEA, or support to enroll in or be temporarily assigned to another LEA, no later than five calendar days after the first day of a school closure or material decrease in attendance.

- In fiscal year 2024-25, LEAs that submit a Form J-13A request are required to adopt a plan to offer remote instruction through either an instructional continuity (IC) program or independent study within five calendar days of a school closure or material decrease in attendance.

## Equity Multiplier and Local Accountability Plan

Equity multiplier funds are calculated based on school sites with prior year “nonstability rates” greater than 25 percent and prior year socioeconomically disadvantaged pupil rates of greater than 70 percent. Funding is allocated per unit based on the school site’s total prior year adjusted cumulative enrollment.

- **School site** is defined as an individual school in an eligible LEA and does not include the district office.
- **Nonstability Rate** means the percentage of pupils who are either enrolled for less than 245 continuous days between July 1 and June 30 of the prior school year or who exited a school between July 1 and June 30 of the prior school year due to truancy, expulsion, or for unknown reasons and without stable subsequent enrollment at another school, as identified in the stability rate data file.
- **Per-unit funding amount** is based on total statewide eligible enrollment and the amount of funds available, as reported in the stability rate data file.

Statutory proposed **changes to the equity multiplier at the May Revise** include:

- The definition of a school site is clarified to exclude a district office from individual schools in an eligible LEA.
- An eligible school site shall not receive funding of less than fifty thousand dollars (\$50,000); the May Revision adjusts this minimum funding amount by applying a COLA to this minimum.
- A school site deemed eligible based on prior-year data shall be deemed ineligible if the school site has closed in the year in which the funds are allocated.
- Unspent funds from any fiscal year provided to an LEA with a school site that has closed would be returned to the CDE. LEAs must report the total amount of unspent funds in accordance with instructions and forms prescribed and furnished by the superintendent of public instruction (SPI).

The Equity Multiplier does not apply to any of San Ramon Valley Unified schools.

# Arts, Music & Instructional Materials Discretionary Block Grant (AMIMDBG)

The May Revision makes one technical adjustment to the AMIMDBG. Current law states that these funds are “available for encumbrance through June 30, 2025.” The May Revision changes the code to state that the funds are “available for expenditure through June 30, 2026.” In addition, the proposed change states that LEAs must report final expenditures to the CDE by September 30, 2026, and provides a mechanism for the CDE to collect any unexpended grant funds.

San Ramon Valley Unified received \$19.1 million and plans to spend down all remaining AMIMDBG funds by the end of the 2024 - 25 school year.

# A-G Completion Improvement Grant

The May Revision makes one technical adjustment to the A-G Completion Grants. Current law states that these funds are “available for **encumbrance or expenditure** through June 30, 2026.” The May Revision changes the code to state that the funds are “available for **expenditure** through June 30, 2026.” The May revision also added a requirement for LEAs to report final expenditures to the CDE by September 30, 2026, and provides a mechanism for the CDE to collect any unexpended grant funds.

San Ramon Valley Unified received \$534,793 and plans to spend down all remaining funds by the end of the 2024-25 school year.

# Expanded Learning Opportunities Program

The May Revision proposes new expenditure deadlines for both prior year ELOP funds and for future ELOP allocations. Under the proposal, any encumbered 2021-22 and 2022-23 ELOP funds must be expended by September 30, 2024. In addition, starting with the 2023-24 ELOP allocation, LEAs will have two fiscal years to expend the funds, meaning that the 2023-24 allocation would have to be expended by June 30, 2025, and the 2024-25 allocation would have to be expended by June 30, 2026, etc. Any funds not expended by the applicable deadline “shall be returned to the state.” Finally, there is legislative intent language that specifies, starting in 2025-26, “school districts and charter schools shall annually declare their operational intent to run the Expanded Learning Opportunities Program,” meaning that LEAs will need to opt in to the program to receive funding starting in 2025-26 if this intent language becomes law.

San Ramon Valley operates ELOP programs at all elementary and for 6th graders at the middle schools. The district’s annual allocation of ELOP funds is approximately 2.6 million.

# Special Education

The May Revision includes a 1.07% COLA, increasing the base rate to approximately \$896.89. The impact of the Special Education COLA, combined with declining enrollment, to the district’s Special Education Budget is approximately \$235,000. The 2024-25 special education budget will require a general fund contribution of \$55.0 million, an increase of \$4.0 million (7.8%) over the previous fiscal year.

## Planning Factors for 2023-24 and Multi-Year Projections

Key planning factors for LEAs to incorporate into their 2023-24 adopted budgets and multi-year projections (MYPs) based on the latest information available are listed in Table 4 below.

*Table 4: State-wide planning factors for the MYP*

Planning Factor	2024-2025	2025-2026	2026-2027

<sup>1</sup>Effective January 1, 2025.  
<sup>2</sup>Effective January 1, 2026.  
<sup>3</sup>Effective January 1, 2027.  
<sup>4</sup>This ratio will decrease to 10-to-1 in 2025-26.  
<sup>5</sup>These rates do not include the \$25 million proposed in the Governor’s Budget for the cost of training to support mandated literacy screenings.  
<sup>6</sup>These rates are calculated based on preliminary COLA projections.

SRVUSD uses the planning factors listed in Table 4 and published in the School Services of California Dartboard to project revenue and expenditures throughout its three-year MYP. In addition to assumptions above, SRVUSD uses enrollment and ADA assumptions to build revenue projections for the MYP, outlined in Table 5. As previously discussed, continued declining enrollment and ADA that is lower than historical precedent lead to lower LCFF revenue despite healthy COLAs from the state.

In addition, Measure A, the district’s parcel tax approved by the voter in 2016, will expire on June 30, 2025 unless renewed by voters. The Adopted Budget presented in this report includes the assumption that this parcel tax, the \$6.8 million in revenue that has supported teacher personnel costs in SRVUSD since 2004, will be renewed by voters.

*Table 5: LCFF Planning Factors & Impact on LCFF Revenue*

	2024-25	2025-26	2026-27
Enrollment	28,710	28,235	27,810

Unduplicated %	10.91%	11.44%	11.95%
COLA	1.07%	2.93%	3.08%
Total LCFF Revenue	331,701,517	335,355,737	341,407,297
LCFF Supplemental Revenue	6,994,996	7,407,007	7,868,574
LCFF Change over PY (%)	-2.12%	1.10%	1.80%
LCFF Revenue Per ADA	11,658	12,013	12,393

Table 6 outlines the District projections for the revenues discussed above as well as increased expenditures in each year due to “turn the page” costs (step/column increases, higher costs of goods and services), as well as expenditures that shift between the restricted and unrestricted general fund as grants end or are pulled back (such as the AMIM and LRE block grants discussed above).

Due to the combined impact of decreasing revenues and increasing expenditures, the Adopted Budget MYP shows evidence of a structural deficit, while maintaining the required minimum Reserve for Economic Uncertainties (REU) over the three-year period.

Table 7 outlines the changes in Fund Balance and Reserves which show that the District is approaching the minimum state reserve which will require action to stabilize.

SRVUSD is committed to fiscal sustainability, and will be working diligently over the next year to identify and implement efficiencies and cost-saving measures, as well as revenue generation, to ensure continued good fiscal health.

## Reserves and Reserve Cap

According to the SPI’s letter, distributed on March 7, 2024, “the statutory limitation on school district reserves continues to be in effect for the 2024–25 budget period, pursuant to Education Code (EC) Section 42127.01(e)”.

The Governor’s May Revision includes significant withdrawals from the Public School System Stabilization Account (PSSSA aka Prop 98 Reserve), which serves as the state's budget reserve for K-14 schools. Specifically, there are proposed withdrawals of \$5.8 billion in 2023-24 and \$2.6 billion in 2024-25. Under the proposed revised budget, the PSSSA balance for 2023-24 is projected to be \$2.6 billion, which would make the reserve cap inoperative for 2024-25.

However, since the state budget will not be adopted until after district budgets are adopted, districts are advised to adhere to the 10 percent cap during this original budget cycle. After the state budget is approved, if the PSSSA withdrawals are enacted as outlined, the 10 percent

reserve cap may be lifted at the 45-day budget revision.

This does not apply to San Ramon Valley as the district’s projected combined Fund 1 and Fund 17 reserves for 2024 - 2025 is 3.86%.

# Conclusions

The San Ramon Valley Unified School District 2024 - 2025 budget and MYP are built upon our current but uncertain assumptions.

- In order to maintain the minimum reserve (3%), the district’s budget includes transfers of expenditures into one-time funding, expending remaining Fund 01 declining enrollment reserves, identifying and implementing at least 16.5M in on-going cuts beginning in 2025 - 2026, and a 1M transfer from Fund 17 in 2025 - 2026.
- The budget assumes that the expiring parcel tax (Measure D 2009) is renewed before June 30, 2025.
- The budget assumes that all programs do not exceed projected budgets in 2024 - 2025.
- Transfers into one - time funding sources in 2024 - 2025 will need to be absorbed in the subsequent year's budget or eliminated

These difficult financial times will require the SRVUSD community to come together to identify solutions. To accomplish this, staff will implement the following strategies:

- At budget adoption, the Board will approve a resolution to direct staff to identify 16.5 million in ongoing budget reduction solutions for 2025 - 26.
  - *In order to seek broad community input, staff will solicit committee members and launch the Budget Advisory Committee in August 2024.*
  - *The Superintendent or designee may appoint a budget advisory committee composed of staff, Board representatives, and/or members of the community.*
  - *The committee shall submit recommendations during the budget development process and its duties shall be assigned each year based on district needs. All recommendations of the committee shall be advisory only and shall not be binding on the Board.*
- Review expenditures and develop systems to identify issues that contribute to additional costs for programs who have traditional overruns
- Provide training for leadership regarding budget planning, development and monitoring
- Implement monthly budget progress monitoring cycle for cabinet
- Identify possible funding source shifts and develop a plan to address additional operational savings
- Address spending reductions to soften the impact in the next fiscal year
- Create and align staffing ratios with enrollment for non-bargained positions and review position control system
- Develop site leaders to monitor for master schedule efficiencies
- Right size staffing if enrollment is below forecast enrollment

- Study current program delivery model for special education and determine possible changes to maintain program quality while addressing MOE growth.
- Utilize the district’s communication platforms to Inform community and solicit support for addressing the district’s financial situation

By implementing these strategies and subsequent system improvements, the district will be on the right track to make the necessary adjustments to fulfill the obligation to the community to maintain and possibly improve fiscal health.

The District anticipates identifying and implementing at least \$16.5 million in expenditure reductions for 2025-26 and 2026-27. Because such a large portion of the District's expenditures are for personnel costs, we anticipate that the ratio of personnel costs to total expenditures will fall within the standard once implemented.

6. **CRITERION: Other Revenues and Expenditures**

STANDARD: Projected operating revenues (including federal, other state, and other local) or expenditures (including books and supplies, and services and other operating), for any of the budget year or two subsequent fiscal years, have not changed from the prior fiscal year amount by more than the percentage change in population and the funded cost-of-living adjustment (COLA) plus or minus ten percent.

For each major object category, changes that exceed the percentage change in population and the funded COLA plus or minus five percent must be explained.

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Unrestricted deficit spending has exceeded the standard percentage levels for two or more of the previous three fiscal years. Provide reasons for the deficit spending, a description of the methods and assumptions used in balancing the unrestricted budgets, and what change, if any, will be made to ensure that the subsequent budgets are balanced within the standard.

**Explanation:**

(required if NOT met)

The District has identified and implemented approximately \$10.0 million in expenditure reductions for 2024-25, but still faces deep structural deficits. The District plans to identify and implement at least \$16.5 million in additional reductions for 2025-26 to resolve its structural deficit, which has mainly been brought on by a combination of increasing costs and decreasing revenues.

**Explanation:**  
(required if NOT met)

**SUPPLEMENTAL INFORMATION**

DATA ENTRY: Click the appropriate Yes or No button for items S1 through S4. Enter an explanation for each Yes answer.

**S1. Contingent Liabilities**

1a. Does your district have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that may impact the budget?

No

1b. If Yes, identify the liabilities and how they may impact the budget:

**S2. Use of One-time Revenues for Ongoing Expenditures**

1a. Does your district have ongoing general fund expenditures in the budget in excess of one percent of the total general fund expenditures that are funded with one-time resources?

Yes

1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

The District is using several one-time revenue sources, including the Educator Effectiveness Grant, Learning Recovery Emergency Block Grant, and the Arts, Music, and Instructional Materials Discretionary Block Grant to fund ongoing expenditures (1:1 devices, instructional and systems software, and district office coordinator salaries) in the budget year. The District plans to identify and implement \$16.5 million in ongoing reductions and will likely need to discontinue some of the ongoing programs currently supported with one-time funds.

**S3. Use of Ongoing Revenues for One-time Expenditures**

1a. Does your district have large non-recurring general fund expenditures that are funded with ongoing general fund revenues?

No

1b. If Yes, identify the expenditures:

**S4. Contingent Revenues**

1a. Does your district have projected revenues for the budget year or either of the two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?

Yes

1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

The District's current parcel tax (Measure A) will expire on June 30, 2025 unless extended by voter approval. The District includes approximately \$6.8 million in revenue in 2025-26 and 2026-27 from the parcel tax. If the parcel tax is not renewed, additional reductions will be required.

Provide an explanation if transfers have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether transfers are ongoing or one-time in nature.

Estimate the impact of any capital projects on the general fund operational budget.
