**\*NOTES**

- > **Amplified Sound** - unauthorized use of amplified sound is not allowed without district approval. Stadium sound systems can only be approved when operated by a district authorized technician.
- > **Barbecues** are not permitted at any time.
- > **Heating Elements** such as sterno heated chafing dishes and food warmers are not permitted at any time.
- > **Fog/Smoke Machines** or conducting other activities that may cause the activation of fire and smoke detection devices is strictly forbidden. This includes the use of candles of any kind, dry ice, unvented cooking appliances, popcorn makers, etc., inside and outside of the facility. The user group will be responsible for any fees incurred as a result of a false alarm.
- > **Decorations** must be pre-approved by the district. The use of staples, nails or any other similar items is not allowed. Painter's tape is the only adhesive allowed and must be removed immediately at the end of the event. Exits or exit signs must not be obstructed or covered at any time.
- > **Miscellaneous Items** - bubbles, confetti, glitter, sand, etc. are not allowed inside or outside the facility at any time.

***NOTE: This list is a guide. All events are subject to approval and the limits and exclusions in the district's insurance policy. If you do not see an activity you are interested in, please contact us regarding your event.***
